This is a text for introductory courses on cost and management accounting. It provides coverage of the elementary principles and techniques of costing and management accounting, and concentrates on the typical syllabus of a first year BA course.

The market-leading European text on management accounting and comprehensive authority on all aspects of the subject has been streamlined and substantially redesigned in its 6th edition to make it even more suitable for the needs of today's student. The aim of the new edition is to explain the principles involved in the design and evaluation of management and cost accounting information systems. The emphasis in the book is on management accounting systems that will be used for internal decision-making purposes within an organisation, however, cost accounting systems for external reporting are also comprehensively covered. It has been brought up to date with the latest developments in the subject. Having been made

Where To Download Drury Management And Cost Accounting 8 Edition

stronger pedagogically with the addition of the answers to the questions and more real-world mini cases, the text brings home the relevance of the subject matter to the real world of business.

Drury's Management & Cost Accounting is the market-leading European text on management accounting and is a comprehensive authority on all aspects of the subject. This accompanying Student's Manual is a workbook that comprises a set of extra problems and solutions that correspond with the chapters of the main text. Together, the main text and the Student's manual form an ideal learning package. The problems and solutions allow students to pursue topics in more depth and to concentrate on the application of principles in management and cost accounting. The key topics are covered in detail and provide a superb opportunity to practise answering exam questions, many of which are taken from past papers of professional accountancy bodies such as CIMA, ACCA, AAT, ICAEW and ICAI.

Aimed at non-accounting management students, this textbook offers a thorough introduction to management accounting, approaching the subject from a managerial perspective,

Where To Download Drury Management And Cost Accounting 8 Edition

without sacrificing accuracy or detail.

The purpose of cost and management accounting is to provide managers with information which helps them to control, plan and make decisions. The second edition of this popular book, covers the principles and techniques of this subject area including the basic methods and procedures. It will prove invaluable to students on a wide range of business and professional courses.
