With the rhythm of their mechanical soul, and powerful twin heartbeat, Ducatis are motorcycles for true lovers of voluptuous Italian style and character. If you're passionate about your Ducati, wish to know your motorcycle in real depth, and keep it in perfect shape with the loving care she'll only receive from you, this is your book. This is a comprehensive service manual for you, and your Ducati, that will help you to perform all maintenance & repair operations in your own home workshop. From basic servicing to the most complex repair and adjustment operations, everything is covered. The bike range covered here goes from the first 1980 "Pantah" to the latest "Testastretta Evoluzione" models, and covers 30 years of Ducati models. Within these pages you will discover the secrets of your pride and joy, and be enabled to enjoy making repairs or carrying out maintenance in your workshop or garage.

If you're passionate about your Ducati, wish to know your motorcycle in real depth, and keep it in perfect shape with the loving care she'll only receive from you, this is your book. This is a comprehensive service manual for you and your Ducati, that will help you to perform all maintenance and repair operations in your own home workshop. From basic servicing to the most complex repair and adjustment operations, everything is covered. The bikes covered in this book range from the first 1980 'Pantah' to the 'Testastretta Evoluzione' models, so it spans 30 years of Ducati models. Within these pages you will discover the secrets of your pride and joy, and how to make repairs or carry out maintenance in your home workshop or garage. With the rhythm of their mechanical soul, and powerful twin heartbeat, Ducatis are motorcycles for true lovers of voluptuous Italian style and character. The author, Eduardo Cabrera, is better known in the Spanish ducatisti community as Baron Rojo (Red Baron), a lifelong Ducati owner and enthusiast, and a regular contributor to the Spanish Ducati online forum..

Ducati stunned the world in 1988 when the struggling, small Italian firm unleashed its Desmoquattro -- 8-valve, desmodromic -- Superbike. The bike found success on the world's racetracks right from the start. Road-going versions soon carried that success to the general public, proving this design wasn't just another noisy prototype. The Superbikes -- 748, 851, 888, 916, and 996 -- are now Ducati's best-selling machines in the United States; and the Desmoquattro engine found its way into the company's more pedestrian series such as the Monster roadster and ST4 sport-tour. This is the comprehensive volume on Ducati's ultimate performance motorcycles and replaces the out-of-print Ducati Super Bikes: 851, 888, 916.

Winner of the Tales of the Cocktail Spirited Award for Best New Cocktail & Bartending Book Dead Rabbit Grocery & Grog in Lower Manhattan has dominated the bar industry, receiving award after award including World's Best Bar, World's Best Cocktail Menu, World's Best Drink Selection, and Best American Cocktail Bar. Now, the critically acclaimed bar has its first cocktail book, The Dead Rabbit Drinks Manual, which, along with its inventive recipes, also details founder Sean Muldoon and bar manager Jack McGarry's inspiring rags-to-riches story that began in Ireland and has brought them to the top of the cocktail world. Like the bar's décor, Dead Rabbit's award-winning drinks are a nod to the "Gangs of New York" era. They range from fizzes to cobblers to toddies, each with its own historical inspiration. There are also recipes for communal punches as well as an entire chapter on absinthe. Along with the recipes and their photos, this stylish and handsome book includes photographs from the bar itself so readers are able to take a peek into the classic world of Dead Rabbit.

The Ducati 750 motorcycles were among the last pure, unadulterated sporting motorcycles built--representing a time before cost accounting and government design requirements--and have, unsurprisingly, inspired a new generation of retro classics.

Includes bibliography and indexes / subject, personal author, corporate author, title, and media index.

With this bestselling book, readers will quickly gain a better understanding of the fundamentals of reinforced concrete design. The author presents a thorough introduction to the field, covering such areas as theories, ACI Code requirements, and the design of reinforced concrete beams, slabs, columns, footings, retaining walls, bearing walls, prestressed concrete sections, and framework. Numerous examples are also integrated throughout the chapters to help reinforce the principles that are discussed.

Practical guide for anyone planning a long-distance motorcycling trip. Choosing, preparing and equipping a motorbike, documentation and shipping, life on the road, trans-continental route outlines: Asia, Africa & Latin America. Updated and now in full colour, this best-seller has been in print for almost 30 years.
