Earth Abides is a 1949 American post-apocalyptic science fiction novel by George R. Stewart. The novel tells the story of the fall of civilization from deadly disease and the emergence of a new culture with simpler tools. Set in the 1940s in Berkeley, California, the story is told by Isherwood Williams, who emerges from isolation in the mountains to find almost everyone dead. Earth Abides won the inaugural International Fantasy Award in 1951. It was included in Locus Magazine's list of best All

Earth Abides - Wikipedia

Generally regarded as the classic tale of life struggling on after a global disaster, Earth Abides (1949) was George R. Stewart's only venture into SF. Before the first page the human race has been almost completely wiped out by plague.

Earth Abides (S.F. MASTERWORKS): Amazon.co.uk: Stewart ...

What you most likely haven't encountered is an end-of-the-world vision like the one George R. Stewart spins in Earth Abides - a zombie-less, nuke-less, cannibal-less world that is all the more compelling in its quiet realism. Earth Abides is a gentler, slower story of the end of civilization than most of its peers.

Earth Abides by George R. Stewart - Goodreads

Earth Abides is a 1949 post-apocalyptic science fiction novel by American writer George R. Stewart. It tells the story of the fall of civilization from deadly disease and its rebirth.
