**Economics: Amazon.co.uk: Paul Krugman, Robin Wells** ...

Krugman's International Economics: Theory and Policy, co-authored with Maurice Obstfeld, is a standard undergraduate textbook on international economics. He is also co-author, with Robin Wells, of an undergraduate economics text which he says was strongly inspired by the first edition of Paul Samuelson 's classic textbook.

**Economics: European Edition** is the ideal text for introductory economics, bringing together an international scope of real world examples and economic theory. The text is supported by a number of features to enhance student understanding as well as supplements to consolidate the learning process.

Paul Krugman's grasp of economics in action and his uncanny way of translating complex issues into everyday terms have made him the most widely read economist writing for the general public today. He has been awarded the 2008 prize in Economic Sciences for his study of international trade and the effects of globalization. What's new? a- chapter order -- re-organized from the 1st edition to reflect how the subject is taught; b- stronger international focus -- Global issues are dealt with throughout the text and emphasis is placed on looking at topics from an international perspective; c- global Comparison boxes -- uses data driven examples to illustrate the international dimension of economic concepts; d- new chapters on Taxes, Inflation and Unemployment; e- coverage of the financial crisis. Strengths: a- real world examples, stories, applications and case studies -- These teach the core concepts and motivate learning; b- the writing style is accessible, entertaining and friendly; c- tools for learning. Tools for learning: a- each chapter is structured around a common set of features that helps students learn while keeping them engaged; b- chapter opening summaries -- Each chapter begins with a real-life story that is then integrated throughout the chapter. They illustrate concepts, build intuition and encourage students to think further; c- economics in action -- each chapter closes with a real world case study. -- Description from <http://www.palgrave.com> (Oct. 11, 2011).

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugman's signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. This new edition is revised and enhanced throughout, including a much stronger array of superior online tools that are part of a complete, integrated online learning system.

The same unique voice that made Paul Krugman a widely read economist is evident on every page of Economics. The product of the partnership of coauthors Krugman and Robin Wells, the book returns in a new edition. The new edition is informed and informative, solidly grounded in economic fundamentals yet focused on the realities of today's world and the lives of students. It maintains the signature Krugman/Wells story-driven approach while incorporating organizational changes, new content and features, and new media and supplements. Watch a video interview of Paul Krugman here.

Check out preview content for Essentials of Economics here. Essentials of Economics brings the same captivating writing and innovative features of Krugman/Wells to the one-term economics course. Adapted by Kathryn Graddy, it is the ideal text for teaching basic economic principles, with enough real-world applications to help students see the applicability, but not so much detail as to overwhelm them. Watch a video interview of Paul Krugman here.

When it comes to explaining current economic conditions, there is no economist readers trust more than New York Times columnist and Nobel laureate Paul Krugman. Term after term, Krugman is earning that same level of trust in the classroom, with more and more instructors introducing students to the fundamental principles of economics via Krugman's signature storytelling style. The new Third Edition of Paul Krugman and Robin Wells's Economics is their most accomplished yet--extensively updated to offer new examples and stories, new case studies from the business world, and expert coverage of the ongoing financial crisis.

The greatest explainers of economics tackle the one-semester course. Nobel prize winning economist Paul Krugman and his co-author Robin Wells will help students to truly understand how Micro- and Macroeconomic concepts play out in our world. Thoroughly updated throughout, the fifth edition offers updated graphs and changes in every chapter in the text, 9 new chapter-opening stories, 12 new Business cases, and 20 new Economics in Action applications.
