An eye for an eye. It's very simple. You choose your homeland like a hyena picking and choosing where he steals his next meal from. Scavenger. Yes you grovel to the feet of Mengistu and when his people spit at you and kick you from the bowl you scuttle across the border. Scavenger. As a violent civil war rages back home in Ethiopia, teenager Alem and his father are in a bed and breakfast in Berkshire. It's his best holiday ever. The next morning his father is gone and has left a note explaining that he and his mother want to protect Alem from the war. This strange grey country of England is now his home. On his own, and in the hands of the social services and the Refugee Council, Alem lives from letter to letter, waiting to hear something from his father. Then he meets car-obsessed Mustapha, the lovely 'out-of-your-league' Ruth and dangerous Sweeney - three unexpected allies who spur him on in his fight to be seen as more than just the Refugee Boy. As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain independence from the British Empire. A PASSAGE TO AFRICA is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).
