(Duncan Green, Strategic Adviser, Oxfam GB) Embracing Complexity takes a critical stance in relation to dominant ways of thinking about the social world. It presents complexity thinking as a way of understanding how the world works, and challenges the dominant expectation that leaders can control the evolution of the social and the organisational world.

Embracing Complexity: Strategic Perspectives for an Age of ...

The second part of the book uses this lens of complexity to explore issues in the fields of management, strategy, economics and international development. It also explores how to facilitate others to recognise the implications of adopting a complex rather than a mechanical worldview and suggests methods of research to explore systemic, path-dependent emergent aspects of situations.

Embracing Complexity

Embracing Complexity: Strategic Perspectives for an Age of Turbulence: Boulton, Jean G, Allen, Emeritus Professor Peter M, Bowman, Professor of Strategic Management Cliff: Amazon.nl

Embracing Complexity: Strategic Perspectives for an Age of ...

The complexity world view does not see the elements of a system and attempt to control them individually, nor does it try to reduce any system to its essential elements; it views an excess of diversity and redundancy as essential to the long-term survival of any system. The book is not highly theoretical.
