The complete manual for understanding engine codes, troubleshooting, basic maintenance and more.

Automotive Engine Performance, published as part of the CDX Master Automotive Technician Series, provides technicians in training with a detailed overview of modern engine technologies and diagnostic strategies. Taking a "strategy-based diagnostic" approach, it helps students master the skills needed to diagnose and resolve customer concerns correctly on the first attempt. Students will gain an understanding of current diagnostic tools and advanced performance systems as they prepare to service the engines of tomorrow.

Contains general information for technicians on the specifications, MIL resetting and DTC retrieval, accessory drive belts, timing belts, brakes, oxygen sensors, electric cooling fans, and heater cores of twenty-one types of import cars.

Learn how easy it is to replace these simple items instead of paying outrageous labor fees when seeking out someone to replace a part for the most or easier to replace than one may expect. Read it anytime anywhere on your Smart Phone or any Tablet. Most parts that trigger a engine light condition only take 10 to 30 minutes to replace. Explains the simplicity or complexity to replace yourself or seek professional assistance. Explains that 50% or more of these parts can be replaced by oneself with just the a screwdriver or wrench, harder more difficult to get to parts will require the same along with a jacks and jack stands for safety, but overall quite simple.

Bentley Publishers is the exclusive factory-authorized publisher of Volkswagen Service Manuals in the United States and Canada. In every manual we provide full factory repair procedures, specifications, tolerances, electrical wiring diagrams, and lubrication and maintenance information. Bentley manuals are the only complete, authoritative source of Volkswagen maintenance and repair information. Even if you never intend to service your car yourself, you'll find that owning a Bentley Manual will help you to discuss repairs more intelligently with your service technician.
