Most engine overhaulers are very reluctant to perform partial overhauls. In almost no case will they give any kind of warranty unless every aspect of the engine is gone through and all necessary parts and components replaced. Because of that, most reputable overhaulers do not like to make partial overhauls.

Hydro 's current maintenance philosophy is to complete an engine overhaul on all diesel engines every 20,000 hrs. This philosophy was established as a result of a review of the maintenance tactics and failure history in 2003. Performing overhauls too frequently results in additional expenditure for negligible improvement in reliability.
