The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options—and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website TheMuse, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn: · The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options, using the simple step-by-step Muse Method. · The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer. Then ace every step of the interview process, from getting a foot in the door to negotiating your offer. · The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other "soft" skills – and make it obvious that whatever level you're at, you're ready to get ahead. Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

Professional resume and cover letter writers reveal their inside secrets for creating phenomenal cover letters that get attention and land interviews. know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Resumes for Engineering Careers helps you create a tailor-made resume that will help you land your perfect job. It takes you step-by-step through the process, helping to assess your talents and organize them into a standout resume, whether you just graduated from college, are changing careers, or are re-entering the job market after years at one company.

Your cover letter is what decides if a company looks at your resume, contacts you for an interview, or gets you placed in the rejection pile. Knowing that, it is important to create a well-written, eye-catching letter that sells your achievements and job skills to impress the recruiter. However, many people are unable to effectively translate their thoughts into words when faced with the task. That is where The Complete Guide to Writing Effective Resume Cover Letters comes in. With this book you will be able to craft a letter that will undoubtedly land you the interview. In this new book, you will learn how to address your letter, how to grab the reader's attention immediately, how to format your letter, how to choose the font, how to be professional but persuasive, how to choose the type of paper, and how to target your letter. You will also learn about writing the different kinds of letters, including those in response to a classified advertisement, those in response to a blind advertisement, those sent to employment agencies, cold letters, and broadcast letters; writing style guidelines; what to include in your letter; writing for an online audience; cover letter styles; and common mistakes recruiters abhor. Additionally, you will find examples of effective and ineffective letters, proven tips for making your letter stand out, sample phrases to use, and letters for new graduates, for professionals, and for those changing careers. Also included are samples specific to job industries, including administration and clerical; accounting; banking and finance, government; health care and social services; hospitality and food service; human resources; law enforcement and legal; manufacturing; sales, marketing, and customer service; skilled trades; technology; and science and engineering. The companion CD-ROM is packed with samples and worksheets to help you brainstorm and create a successful cover letter. By following the step-by-step instructions outlined in The Complete Guide to Writing Effective Resume Cover Letters you will ensure that your letter will impress the recruiter and that you will be contacted for an interview. In the end you will create a tool that will be of enormous importance to you in your job search. The
