This series uses varied learning approaches to offer in-depth content coverage of the most popular AS and A2 options.

Today, Wisconsin represents one of our "Germanest" states, with no less than 55 percent of its population claiming German origin. J. H. A. Lacher's treatise on the German element of Wisconsin, originally published in 1925, is still the standard introduction to its subject. The first section of the work focuses on Wisconsin's rich German religious establishment: Catholics, Lutherans, German Evangelical Synod, German Reformed, Evangelical Association, Liberals and Jews. Section Two looks at representative German-Americans and their vocations in Wisconsin. The third section of the book homes in upon Wisconsin German politics, the German press, sports, thrift, men of letters, German place names and patronymics, and the impact of World War I. Genealogists will find references to some 750 German surnames at the back of this volume.

This is the definitive history of the English Civil War, set in its full historical context from the accession of Charles I to the Restoration of Charles II. These were the most turbulent years of British history and their reverberations have been felt down the centuries. Throughout the middle decades of the seventeenth century England, Scotland, and Ireland were convulsed by political upheaval and wracked by rebellion and civil war. The Stuart monarchy was in abeyance for twenty years in all three kingdoms, and Charles I famously met his death on the scaffold. Austin Woolrych breathes life back into the story of these years, the sweep of his prose buttressed by the authority of a lifetime's scholarship. He captures the drama and the passion, the momentum of events and the force of contingency. He brilliantly interweaves the history of the three kingdoms and their peoples, gripping the reader with the fast-paced yet always balanced story.

Exam Board: AQA, Edexcel, OCR & WJEC Level: A-level Subject: History First Teaching: September 2015 First Exam: June 2016 Give your students the best chance of success with this tried and tested series, combining in-depth analysis, engaging narrative and accessibility.
