And so is with many other American English and British English differences, as the adaptation of grammar took its part. The US and the UK's imperial histories and modern influence over the world have changed the English wording forever. Because it was exported to countries all over the world, it has been forced to accept different variations of ...

In American English, gray is the most common spelling, while, in British English (and most other English-speaking regions), grey is preferred. This carries over to inflections of verbs (grayed/greyed, graying/greying) and the formation of comparative and superlative adjectives (grayer/greyer, grayest/greyest).

*American English vs. British English
Spelling*

British and American English often spell the same word differently, for example: labour/labor, enthrall/enthral, or centre/center. You can find out more about

Map these differences here. There are also many cases in which the two varieties of English use different terms to describe the same thing. Here's a list of various British words and expressions together with their American equivalents.

The Differences Between British And A... / Lexico

Examples of words that end in -ize in American English and -ise in British English: recognize/recognise, patronize/patronise The best way to make sure that you are being consistent in your spelling is to utilize the spell check tool associated with your word processor and select the type of English (American or British) you'd like to use.

Differences Between American and British English

There are several areas in which British

Read PDF English British American Dictionary Bg

Map
and American spelling are different. The differences often come about because British English has tended to keep the spelling of words it has absorbed from other languages (e.g. French), while American English has adapted the spelling to reflect the way that the words actually sound when they're spoken.. If you're writing for British readers, you should ...

British and American spelling / Lexico

The American dictionary Merriam-Webster, however, lists "gotten" as a standard past participle of "get."

According to the Compact Oxford English Dictionary, "The form gotten is not used in British English but is very common in North American English" [citation needed]

American and British English grammatical differences ...

In the early 18th century, English spelling

Map
was inconsistent. These differences became noticeable after the publishing of influential dictionaries. Today's British English spellings mostly follow Johnson's A Dictionary of the English Language (1755), while many American English spellings follow Webster's An American Dictionary of the English Language ("ADEL", "Webster's Dictionary", 1828).
