Teachers and flutists at all levels have praised Nancy Toff'sThe Flute Book, a unique one-stop guide to the flute and its music. Organized into four main parts--The Instrument, Performance, The Music, and Repertoire Catalog--the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to reflect technology's advancements--like new digital recording technology and recordings' more prevalent online availability--over the last decade. She has also accounted for new scholarship on baroque literature; recent developments such as the contrabass flute, quarter-tone flute, and various manufacturing refinements and experiments; consumers' purchase prices for flutes; and a thoroughly updated repertoire catalog and appendices.

Book 2 features: • CD with more great play-along tracks, covering Exercises 1-55 and Individual Studies (pages 38-41) • Book 1 review section • Rhythm Raps • Daily Warm-ups • Theory • History • Multicultural Music •

(Essential Elements). Original series (green cover) Essential Technique for Strings is a book of studies to help the intermediate player develop the skills necessary for playing in an orchestra. Its flexible sequence allows you to choose pages from the three major sections: higher positions and shifting, keys and scales, and bowings and special techniques.
