~~An illuminating guide to one of the fastest-growing spiritual healing practices in the world and an essential tool for anyone ready to bring healing into his or her life. Perhaps the gentlest healing therapy in the world, Reiki originated in early twentieth-century Japan. In this indispensable guide to Reiki, one of the foremost experts traces the origin and development of the practice, detailing how and why it restores and renews the human body in ways we've only begun to understand. A pioneer in bringing Reiki into mainstream medical practice, Miles draws on her unique background to explain how this therapeutic technique, which involves a gentle laying on of the hands, complements conventional medical treatments and can hasten recovery from invasive surgical procedures, as well as ease the symptoms of cancer, insomnia, depression, anxiety, and other conditions. With compassion, wisdom, and the accumulated experience that comes from nearly twenty years as a Reiki practitioner, Pamela Miles empowers readers by showing how simple it is to take.~~

~~This complete manual, in conjunction with traditional training, is an excellent guide to understanding Reiki and its spiritual practices.~~

~~Author and healer Diane Stein brings to the layperson psychic healing techniques once assumed to be too esoteric to use without highly specialized knowledge, years of training, and a paranormal gift. ESSENTIAL PSYCHIC HEALING helps us tap into the potent healing power of our own psychic energies. For the beginner, Diane offers theory and instruction in basic meditation, visualization, kundalini energy, chakras, and auras. Those at the intermediate level will learn to utilize spirit guides and angels, and how to use healing crystals, hands-on healing methods, emotional release work, and remote healing. An advanced program discusses healing karma and past lives, soul retrieval, releasing entities, spirit attachments, and understanding and aiding the death process. Whether you are new to or well acquainted with these principles, ESSENTIAL PSYCHIC HEALING is an indispensable primer.~~

~~Reiki is a unique system of healing that allows you to harness and transmit energy through your hands, restoring balance and harmony within the body and bringing relief to a wide range of physical and emotional problems. This book, by renowned Reiki teacher Richard Ellis, illustrates all the hand positions used for the first level of Reiki, but it goes much further and shows them in their relation to the seven chakras. Chakras are the main energy points of the body and provide the anatomy of energy healing. These are different for everyone, and so to practise Reiki effectively you need to understand a person's chakras, which will in turn explain the type of person they are and the health problems they are vulnerable to. For example, one person may have an excessive first chakra, making them prone to obesity or digestive problems, and to pessimism, while another may be deficient, making them vulnerable to anorexia and restlessness. You would therefore approach these two people differently. Reiki and the Seven Chakras captures the feeling of wonder that surrounds Reiki, but it is also an immensely practical guide. So many of the current books on Reiki are very dry, following a formula of detailing the history of Reiki healing and then showing you how to do it. This one breaks the mould and is written from a very personal point of view, which makes it incredibly interesting to read and also very accessible - essential if you are to understand the true nature and potential of Reiki.~~

~~Translated to English for the first time, Dr. Usui's hand positions and healing techniques can now be studied directly.~~
