They invented slums. They invented child labor. They put Saddam Hussein in power. They burned Joan of Arc at the stake, and they enslaved the globe to get their tea fix. We're talking about England, of course, and the terrible evils they've set loose on the world. In The Evil Empire, American author Steven Grasse documents the 101 worst atrocities of Mother England everything from foxhunting to the invention of the concentration camp. With an irreverent mix of historical facts, smart commentary, and red-blooded American arrogance, Grasse offers a devastating critique of the country that gave us the machine gun, factory labor, and the metric system. Publishing just in time for the Queen's birthday (April 21), The Evil Empire is essential reading for true-blue Americans and others oppressed by the English throughout history.

In a narrative-redefining approach, Engaging the Evil Empire dramatically alters how we look at the beginning of the end of the Cold War. Tracking key events in US-Soviet relations across the years between 1980 and 1985, Simon Miles shows that covert engagement gave way to overt conversation as both superpowers determined that open diplomacy was the best means of furthering their own, primarily competitive, goals. Miles narrates the history of these dramatic years, as President Ronald Reagan consistently applied a disciplined carrot-and-stick approach, reaching out to Moscow while at the same time excoriating the Soviet system and building up US military capabilities. The received wisdom in diplomatic circles is that the beginning of the end of the Cold War came from changing policy preferences and that President Reagan in particular opted for a more conciliatory and less bellicose diplomatic approach. In reality, Miles clearly demonstrates, Reagan and ranking officials in the National Security Council had determined that the United States enjoyed a strategic margin of error that permitted it to engage Moscow overtly. As US grand strategy developed, so did that of the Soviet Union. Engaging the Evil Empire covers five critical years of Cold War history when Soviet leaders tried to reduce tensions between the two nations in order to gain economic breathing room and, to ensure domestic political stability, prioritize expenditures on butter over those on guns. Miles's bold narrative shifts the focus of Cold War historians away from exclusive attention on Washington by focusing on the years of back-channel communiqués and internal strategy debates in Moscow as well as Prague and East Berlin.

From award-winning author E.M. Shue comes a new dark mafia romance written in USA Today Bestselling Author KL Donn's Mafia Made World. Anatonina is a killer. Until Vitaly comes for her. Now she will protect the hitman. Anatonina is the head bodyguard for the Morello Mafia. She will kill anyone that comes close to Posy for Natale Morello. It's what she was raised to do. Kill. She's one of the deadliest hitmen to come out of MI6, KGB and even survived special forces Marine training at a young age. But few know she is the niece to the head of the deadly Bocharov Russian family. That he raised her to destroy the Morello's. Because she defied him, he's sent his best killer to kill her. Vitaly is the monster in the dark. He's the one the Bocharov family sends to end their enemies. He thinks he's only been sent to kill a rival family's enforcer. What he doesn't know is she is the illegitimate niece to his boss and now the woman he will do anything for. Even defy the family he's bled for. He'll protect her and help her conquer her enemies. The Bocharov Family has declared war against Anatonina, and she will end them.

Can Vitaly hold the woman he was born to protect? Will Anatonia still be standing when the blood of an Empire is destroyed? Will they kill the Empire she was meant to lead?

Cally was like any other teenage girl; she was smart, funny, caring, and beautiful. She loved going shopping with her mother, Kate, as well as beating her dad, Bill, at a game of basketball. Sure, she had her fair share of problems, like peer pressure and the occasional arguments with her parents--which usually led to being grounded. However, none of this could ever prepare her for the ultimate problem, an abusive boyfriend. Cally had been with her boyfriend, Ryan, for exactly one year. Nine months of that year was absolutely wonderful. They did everything together and were very much in love. However, the last three months were a pure and living hell for Cally. Ryan had started drinking very heavily and had become mentally and physically abusive. The abuse was terrible for Cally; in only three months Ryan had busted her lip and had put bruises all over Cally's body. The abuse was getting worse by the day and Cally knew that she had to end the relationship soon. Cally still cared for Ryan, despite his cruel and abusive ways, but she knew that he was not going to change; he was too far gone. Cally had planned to break up with him on prom night, but as a fatal turn of events unfolds, Cally discovers that it's not so easy to escape from Ryan's grip.

At nearly every pivotal moment in international politics over the past twenty-five years--from the Reagan-Gorbachev summits, to the Iran-Contra scandal, to the collapse of the Soviet Union, to the decision to go to war in Iraq--if you dug deeply you would find a figure just behind the scenes influencing the action: that of Richard Perle. Largely eschewing senior cabinet appointments and other high-profile roles, the passionate, zealous Perle has been content to operate quietly--behavior which earned him the moniker of The Prince of Darkness. Nevertheless, his influence in Washington has helped to fuel an international disaster in Iraq and the growth of anti-Americanism worldwide. Alan Weisman, a former producer for 60 Minutes, CBS Sunday Morning, and the CBS Evening News, is now shining a light on this major political figure. While Perle has not authorized this biography, he has submitted to interviews with Weisman, encouraged his friends to do so, and provided non-classified material. Such access has granted Weisman a deep and critical insight into Perle's methods and mindset. Weisman explores how Perle derailed a nuclear arms agreement between the U.S. and the then Soviet Union; his controversial business dealings; Perle's tenure as Chairman of the Pentagon's Defense Policy Board during the present Bush Administration; and his role leading up to the Iraqi War, including his dealings with Iraqi exiles like Ahmed Chalabi. From the collapse of the Soviet Union to the current saber-rattling over Iran, Syria, and North Korea, Perle has put his stamp on almost every decisive event in international politics. This is an insightful and incisive study of the highest quality, and one that everyone--not just policy experts--should read. From Prince of Darkness, What People Say about Richard Perle: "We used to have major problems when Richard would wander off the farm and be caught doing things that were not consistent with the policies that [Caspar] Weinberger and [George] Shultz were trying to implement."--Colin Powell, Secretary of State, 2001-2005 "Richard can take a really bad idea and make it sound almost plausible and reasonable, even brilliant."--Richard Burt, Assistant Secretary of State, 1983-1985 "I really don't understand Perle. If you talk about the real neocons, there's Richard Perle and Paul Wolfowitz, and they're very different. Paul Wolfowitz is an idealist, but he's prepared to impose democracy by the sword. I don't think Perle gives a [bleep] about democracy. Fundamentally, it's all a means to an end."--Brent Scowcroft, National Security Advisor, 1989-1993

An in-depth history of the RAND Corporation describes the behind-the-scenes role of the secretive think tank in shaping American political policy for six decades, detailing its origins, the part it played during the Cold War, and its development of the rational choice theory. Reprint.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The British Empire, "the biggest empire in history" once ruled a quarter of the globe. It was built by an incredible array of swashbuckling soldiers and sailors, pirates and adventurers who finally get their due in H. W. Crocker III's panoramic and provocative view of four hundred years of history that will delight and amuse, educate and entertain. Strap on your pith helmet for a rollicking ride through some of history's most colorful events. Bet your teacher never told you: The Founding Fathers didn't rebel against British imperialism; they looked forward to the transfer of the great seat of Empire to America. The original Norman English invasion of Ireland was approved by the pope. Sir Charles Napier, commander in chief of the British Army in India, abolished the Hindu custom of widow-burning. Field Marshal Sir Gerald Templer's hearts and minds counter-insurgency strategy was instrumental in defeating the Communists in Malaya. The breakup of the British Empire led Winston Churchill to conclude that he had achieved nothing in his life.

A young archeologist tormented by dreams is forced to face a past she never knew existed. Little did she know the dreams were connected to a very real life 12th century Scottish highlander is own his own mission, a mission what will turn her comfortable life upside down. When past and present unite, hearts collide

Tad McGreevy has a power that he has never revealed, not even to his life-long best friend, Stevie Scranton. When Tad looks at others, he sees colors. These auras tell Tad whether a person is good or evil. At night, Tad dreams about the evil-doers, reliving their crimes in horrifyingly vivid detail. But Tad doesn't know if the evil acts he witnesses in his nightmares are happening now, are already over, or

Read Online Evil Empire 101 Ways That England Ruined The World

are going to occur in the future. He has no control over the horrifying visions. He has been told (by his parents) never to speak of his power. All Tad knows is that he wants to protect those he loves. And he wants the bad dreams to stop.
