students will read, write, and speak about the topic of voting rights and responsibilities. In the first two units, students will read informational texts that focus on the women's suffrage movement and the leadership of New Yorker Susan B. Anthony. Specifically, they will read firsthand and secondhand accounts of her arrest and trial for voting in a time when women were outlawed from doing so.

When Violet runs away from home in 1918 to find her suffragist sister, she ends up in Nashville, Tennessee, where "Suffs" and "Antis" are gathered, awaiting the crucial vote on the nineteenth amendment.

Insects that look like leaves, snakes that play dead, fish that fly, and toads with poisonous skin--these creatures are among many that defend themselves in fascinating ways. Animal Defenses presents the wide variety of physical and behavioral adaptations used by animals and insects in their struggle to survive and shows how scientists continue to make new discoveries about the age-old maneuvering between predator and prey.

After moving from a Mohawk

details, this book will strengthen any library collection on the rainforest.”--Booklist

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.

A KID'S GUIDE TO THE OCEAN

"Can you imagine a world without fish? It's not as crazy as it sounds. But if we keep doing things the way we've been doing things, fish could become extinct within fifty years. So let's change the

Download Free Expeditionary Learning

Grade 4 Module 1" World Without Fish is the uniquely illustrated narrative nonfiction account—for kids—of what is happening to the world's oceans and what they can do about it. Written by Mark Kurlansky, author of *Cod*, *Salt*, *The Big Oyster*, and many other books, *World Without Fish* has been praised as “urgent” (*Publishers Weekly*) and “a wonderfully fast-paced and engaging primer on the key questions surrounding fish and the sea” (Paul Greenberg, author of *Four Fish*). It has also been included in the New York State Expeditionary Learning English Language Arts Curriculum. Written by a master storyteller, *World Without Fish* connects all the dots—biology, economics, evolution, politics, climate, history, culture, food, and nutrition—in a way that kids can really understand. It

Download Free Expeditionary Learning

Oceanic Politics describes how the fish we most commonly eat, including tuna, salmon, cod, swordfish—even anchovies— could disappear within fifty years, and the domino effect it would have: the oceans teeming with jellyfish and turning pinkish orange from algal blooms, the seabirds disappearing, then reptiles, then mammals. It describes the back-and-forth dynamic of fishermen, who are the original environmentalists, and scientists, who not that long ago considered fish an endless resource. It explains why fish farming is not the answer—and why sustainable fishing is, and how to help return the oceans to their natural ecological balance. Interwoven with the book is a twelve-page graphic novel. Each beautifully illustrated chapter opener links to the next to form a larger fictional story that

Download Free Expeditionary Learning

perfectly complements the text.

From Expeditionary Learning Schools comes a proven approach to student assessment *Leaders of Their Own Learning* offers a new way of thinking about assessment based on the celebrated work of Expeditionary Learning Schools across the country. *Student–Engaged Assessment* is not a single practice but an approach to teaching and learning that equips and compels students to understand goals for their learning and growth, track their progress toward those goals, and take responsibility for reaching them. This requires a set of interrelated strategies and structures and a whole–school culture in which students are given the respect and responsibility to be meaningfully engaged in their own learning.

Download Free Expeditionary Learning

Includes everything teachers and school leaders need to implement a successful Student–Engaged Assessment system in their schools
Outlines the practices that will engage students in making academic progress, improve achievement, and involve families and communities in the life of the school
Describes each of the book’s eight key practices, gives advice on how to begin, and explains what teachers and school leaders need to put into practice in their own classrooms
Ron Berger is Chief Program Officer for Expeditionary Learning and former public school teacher
Leaders of Their Own Learning shows educators how to ignite the capacity of students to take responsibility for their own learning, meet Common Core and state standards, and reach higher levels of
