Winner of the 2014 National Book Award for Poetry A luminous, seductive new collection from the "fearless" (The New York Times) Pulitzer Prize-winning poet Louise Glück is one of the finest American poets at work today. Her Poems 1962–2012 was hailed as "a major event in this country's literature" in the pages of The New York Times. Every new collection is at once a deepening and a revelation. Faithful and Virtuous Night is no exception. You enter the world of this spellbinding book through one of its many dreamlike portals, and each time you enter it's the same place but it has been arranged differently. You were a woman. You were a man. This is a story of adventure, an encounter with the unknown, a knight's undaunted journey into the kingdom of death; this is a story of the world you've always known, that first primer where "on page three a dog appeared, on page five a ball" and every familiar facet has been made to shimmer like the contours of a dream, "the dog float[ing] into the sky to join the ball." Faithful and Virtuous Night tells a single story but the parts are mutable, the great sweep of its narrative mysterious and fateful, heartbreaking and charged with wonder.

The author shares her dreamlike poetry, including "Theory of Memory," "The Melancholy Assistant," and "The Couple in the Park."

This collection of stunningly beautiful poems encompasses the natural, human, and spiritual realms, and is bound together by the universal themes of time and mortality. With clarity and sureness of craft, Glück's poetry questions, explores, and finally celebrates the ordeal of being alive.

It is the astonishment of Louise Glück's poetry that it resists collection. With each successive book her drive to leave behind what came before has grown more fierce, the force of her gaze fixed on what has yet to be imagined. She invented a form to accommodate this need, the book-length sequence of poems, like a landscape seen from above, a novel with lacunae opening onto the unspeakable. The reiterated yet endlessly transfigured elements in this landscape—Persephone, a copper beech, a mother and father and sister, a garden, a husband and son, a horse, a dog, a field on fire, a mountain—persistently emerge and reappear with the dark energy of the inevitable, shot through with the bright aspect of things new-made. From the outset ("Come here / Come here, little one"), Glück's voice has addressed us with deceptive simplicity, the poems in lines so clear we "do not see the intervening fathoms." From within the earth's bitter disgrace, coldness and barrenness my friend the moon rises: she is beautiful tonight, but when is she not beautiful? To read these books together is to understand the governing paradox of

a life lived in the body and of the work wrested from it, the one fated to die and the other to endure.

A haunting new book by a poet whose voice speaks of all our lifetimes Louise Glück's thirteenth book of poems is among her most haunting. Here as in the *Wild Iris* there is a chorus, but the speakers are entirely human, simultaneously spectral and ancient. *Winter Recipes* from the *Collective* is chamber music, an invitation into that privileged realm small enough for the individual instrument to make itself heard, dolente, its line sustained, carried, and then taken up by the next instrument, spirited, animoso, while at the same time being large enough to contain a whole lifetime, the inconceivable gifts and losses of old age, the little princesses rattling in the back of a car, an abandoned passport, the ingredients of an invigorating winter sandwich, a sister's death, the joyful presence of the sun, its brightness measured by the darkness it casts. "Some of you will know what I mean," the poet says, by which she means, some of you will follow me. Hers is the sustaining presence, the voice containing all our lifetimes, "all the worlds, each more beautiful than the last." This magnificent book couldn't have been written by anyone else, nor could it have been written by the poet at any other time in her life.

A major career-spanning collection from the inimitable Nobel Prize-winning poet For the past fifty years, Louise Glück has been a major force in modern poetry, distinguished as much for the restless intelligence, wit and intimacy of her poetic voice as for her development of a particular form: the book-length sequence of poems. This volume brings together the twelve collections Glück has published to date, offering readers the opportunity to become immersed in the artistry and vision of one of the world's greatest living poets. From the allegories of *The Wild Iris* to the myth-making of *Averno*; the oneiric landscapes of *The House on Marshland* to the questing of *Faithful and Virtuous Night* - each of Glück's collections looks upon the events of an ordinary life and finds within them scope for the transcendent; each wields its archetypes to puncture the illusions of the self. Across her work, elements are reiterated but endlessly transfigured - Persephone, a copper beech, a mother and father and sister, a garden, a husband and son, a horse, a dog, a field on fire, a mountain. Taken together, the effect is like a shifting landscape seen from above, at once familiar and unspeakably profound.

Winner of the Nobel Prize in Literature In *Vita Nova*, Pulitzer-Prize winning poet Louise Glück manages the apparently impossible: a terrifying act of perspective that brings into resolution the smallest human hope and the vast forces that shape and thwart it Since *Ararat* in 1990, Louise Glück has been exploring a form that is, according to the poet, Robert Hass, her invention. *Vita Nova*--like its immediate predecessors, a booklength sequence--combines the ecstatic utterance of *The Wild Iris* with the worldly dramas elaborated in *Meadowlands*. *Vita Nova* is a book that exists in the long moment of spring: a book of deaths and beginnings, resignation and hope; brutal, luminous, and far-seeing. Like late Yeats, *Vita Nova* dares large statement. By turns stern interlocutor and ardent novice, Glück compasses the essential human paradox. In *Vita Nova*, Louise Glück manages the apparently impossible: a terrifying act of perspective that brings into resolution the smallest human hope and the vast forces that thwart and shape it.

A Village Life, Louise Glück's eleventh collection of poems, begins in the topography of a village, a Mediterranean world of no definite moment or place: All the roads in the village unite at the fountain. Avenue of Liberty, Avenue of the Acacia Trees— The fountain rises at the center of the plaza; on sunny days, rainbows in the piss of the cherub. —from "tributaries" Around the fountain are concentric circles of figures, organized by age and in degrees of distance: fields, a river, and, like the fountain's opposite, a mountain. Human time superimposed on geologic time, all taken in at a glance, without any undue sensation of speed. Glück has been known as a lyrical and dramatic poet; since Ararat, she has shaped her austere intensities into book-length sequences. Here, for the first time, she speaks as "the type of describing, supervising intelligence found in novels rather than poetry," as Langdon Hammer has written of her long lines—expansive, fluent, and full—manifesting a calm omniscience. While Glück's manner is novelistic, she focuses not on action but on pauses and intervals, moments of suspension (rather than suspense), in a dreamlike present tense in which poetic speculation and reflection are possible.

Winner of the Nobel Prize in Literature The First Four Books of Poems collects the early work that established Louise Glück as one of America's most original and important poets. Honored with the Pulitzer Prize for The Wild Iris, Glück was celebrated early in her career for her fierce, austerely beautiful voice. In Firstborn, The House on Marshland, Descending Figure, and The Triumph of Achilles, which won the National Book Critics Circle Award for Poetry, we see the conscious progression of a poet who speaks with blade-like accuracy and stirring depth. The voice that has become Glück's trademark speaks in these poems of a life lived in unflinching awareness. Always she is moving in and around the achingly real, writing poems adamant in their accuracy and depth. Their progression is proof of her commitment to change; with her first four books of poetry collected in a single volume, Louise Glück shows herself happily "used by time."

Winner of the Nobel Prize in Literature Proofs and Theories, winner of the PEN/Martha Albrand Award for First Non-Fiction, is an illuminating collection of essays by Louise Glück, one of this country's most brilliant poets. Like her poems, the prose of Glück, who won the Pulitzer Prize for poetry in 1993 for The Wild Iris, is compressed, fastidious, fierce, alert, and absolutely unconsolated. The force of her thought is evident everywhere in these essays, from her explorations of other poets' work to her skeptical contemplation of current literary critical notions such as "sincerity" and "courage." Here also are Glück's revealing reflections on her own education and life as a poet, and a tribute to her teacher and mentor, Stanley Kunitz. Proofs and Theories is not a casual collection. It is the testament of a major poet.
