Family Happiness is the story of the development of romantic love between a young lady and a man old enough to be her father. It depicts the death of romance and the birth of mutual respect in a long-term relationship. Although enlightening, it did not have the impact that "The Death of Ivan Ilyich" and "Anna Karenina" had to me.

A heartfelt novel about a midlife crisis and a woman tired of beintaken for granted--and a reminder that family, like happiness, can take many forms. To the rest of the world, Polly Solo-Miller Demarest lives acharmed life. She has a beautiful home, a dashing lawyer husband, and two delightful children. But beneath this idyllic surface, the pressure of being the "perfect flower"of an illustrious family--and a stable, always-available wife, mother, and daughter--are getting to her. The spark has gone out of her marriage, and to her own surprise, she's having an affair. What follows is at once cathartic and provoking, and both may be necessary states in order for Polly to become the kind of person she wants to be.

WE were in mourning for our mother, who had died the preceding autumn, and we had spent all the winter alone in the country-Macha, Sonia and I. Macha was an old family friend, who had been our governess and had brought us all up, and my memories of her, like my love for her, went as far back as my memories of myself. Sonia was my younger sister. The winter had dragged by, sad and sombre, in our old cuntry-house of Pokrovski. The weather had been cold, and so windy that the snow was often piled high above our windows; the panes were almost always cloudy with a coating of ice; and throughout the whole season we were shut in, rarely finding it possible to go out of the house. It was very seldom that any one came to see us, and our few visitors brought neither joy nor cheerfulness to our house. They all had mournful faces, spoke low, as if they were afraid of waking some one, were careful not to laugh, sighed and often shed tears when they looked at me, and above all at the sight of my poor Sonia in her little black frock.

"Family Happiness" is a relationship novel which tells the story of the seventeen-year-old Mashechka and the thirty-six-year-old Sergey. Their passionate love leads to marriage but only after it, do they find out what the other one really desires in life. Sergey seeks the seclusion in the country while his wife is dreaming of excitement and movement in the pretentious upper class society. Is the intense love between them going to stand the test of time or it is going to turn into alienation and courteous friendship? The author of "Family Happiness" Leo Tolstoy paints a realistic psychological portrait of the emotional evolution in a relationship between two people with different visions of life. The novel is first published in 1859 and is also adapted to stage in Moscow. Leo Tolstoy (1828-1910) was a Russian author, a master of realistic fiction and one of the world's greatest novelists. Tolstoy's major works include "War and Peace" (1865-69) and "Anna Karenina" (1875-77), two of the greatest novels of all time and pinnacles of realist fiction. Beyond novels, he wrote many short stories and later in life also essays and plays.

When a man discovers his father in New York has long had another, secret, family—a wife and two kids—the interlocking fates of both families lead to surprise loyalties, love triangles, and a reservoir of inner strength in this "expansive and elegantly crafted novel" (Fresh Air, NPR). "Rich with the complexities of life . . . the stories create a world made fully dimensional through changes of perspective—major characters appear and reappear as part of one or another’s experience and testimony . . . Pull any life’s thread and you discover a mesh of involvement that soon takes in all the others. It is a fine thing, subtly done, and truly exhilarating." —The Wall Street Journal Ethan, a young lawyer in New York, learns that his father has long kept a second family—a Thai wife and two kids living in Queens. In the aftermath of this revelation, Ethan’s mother spends a year working abroad, returning much changed, as events introduce her to the other wife. Across town, Ethan’s half brothers are caught in their own complicated journeys: one brother’s penchant for minor delinquency has escalated, and the other must travel to Bangkok to bail him out, while the bargains their mother has struck about love and money continue to shape their lives. As Ethan finds himself caught in a love triangle of his own, the interwoven fates of these two households elegantly unfurl to encompass a woman rallying to help an ill brother with an unreliable lover and a filmmaker with a girlhood spent in Nepal. Evoking a generous and humane spirit, and a story that ranges over three continents, Secrets of Happiness elucidates the ways people marshal the resources at hand to forge their own forms of joy.

One day, their seventeen-year-old son, Unni—a boy obsessed with comics—does something terrible and inexplicable. Ousep and Mariamma separately try to solve the mystery of Unni's action but find no answers. Three years later, Ousep receives a package that sends him back to the search. He starts to hound his son's friends and a famous neurosurgeon. Three women, three lives, and one chance to become a family...whether they want to or not. Newly orphaned, recently divorced, and semiadrift, Nina Popkin is on a search for her birth mother. She's spent her life looking into strangers' faces, fantasizing they're related to her, and now, at thirty-five, she's ready for answers. Meanwhile, the last thing Lindy McIntyre wants is someone like Nina bursting into her life, announcing that they're sisters and campaigning to track down their mother. She's too busy with her successful salon, three children, beautiful home, and...oh yes, some pesky little anxiety attacks. But Nina is determined to reassemble her birth family. Her search turns up Phoebe Mullen, a guarded, hard-talking woman convinced she has nothing to offer. Gradually sharing stories and secrets, the three women make for a messy, unpredictable family that looks nothing like Nina pictured...but may be exactly what she needs. Nina's moving, ridiculous, tragic, and transcendent journey becomes a love story proving that real family has nothing to do with DNA.
