The power, the satisfaction, and the intense rush of domination that goes through your body when your submissive bows to your will cannot be compared to any other thing in this world. This book is every Dom's guide to training a submissive. It contains various guidelines and strategies on how a Dom can get the best of the relationship. As you read through, keep in mind that dominance and submission are simply one part of BDSM. It advances into a wider spectrum which includes sadism, bondage, discipline, and masochism as well. However, the focus of this book is submissive training.

Have you ever wondered what it would be like to be a dominant woman who can control a man with just a look or a word? When the thoughts of being in control creep into your head, that sexy little smile starts to play over your lips, and you start to get some ideas that you want to try on your man. As women, we have all been there, but being women, many of us are unable to take hold of our control and dominate a man. The idea of being a dominatrix is often seen as a sexual and social taboo, and many women are afraid of what society would say, what our family and friends would think, and in general, we feel that it isn't the position of a woman to take the stance of power and control. Women are seen naturally as the weaker sex, the one to be protected by a man, and the man in the relationship is often seen to be in control, the leader, the strong and dominant one. Social norms often dictate how we feel about ourselves, and sometimes, it can hinder who we really are inside. Take heed, ladies. We are women. We are strong. We are powerful. We are fierce. We are romantic. We are dynamic. We are caring. We are fighters. We are lovers. We are women! This manual will

Domination and submission: perhaps you're aware of it from Fifty Shades of Grey, or perhaps you're a seasoned practitioner; whatever your experience level and expectations, this guide will provide you with a step-by-step blueprint of exactly what you will need to do in order to train your submissive partner(s), and have him/her* delighting in obeying your every command. In this guide you will learn about all of the steps which are conducive towards developing a positive Dom/sub relationship, which means you'll be learning about how to prepare a Domination and submission relationship in the first place; the protocols which you may use to maintain discipline in your sub; practices for physical, sexual and attitude submission; how you and your sub can use rituals to get into and out of your roles when engaging in D/s scenes; and there will even be some more advanced techniques mixed in throughout the guide which will help you take your Domination and submission experience to the next level. Without further ado, let's begin.

Sex. This is one, if not the most, wonderful gift that humans were bestowed with. Just imagine the world without the gift of sexual activity between opposite sexes? There could have been an absence of this pleasurable experience that everyone in the right age enjoys. While everyone seems to view sexual intercourse as a kind of activity that is supposed to be regarded with respect and conservatism, some people have gone out of their way and formed a new orientation about

it. To some, sexual activity is no longer an act of sacred human reproduction but a way of executing creativity and expression of unexplainable behaviors and attitudes. Specifically, this book focuses on BDSM. What does BDSM stand for? What does the whole term mean? Why is there such a thing as BDSM training? All these and more questions will be answered as you continue reading this entire book.

Some of you may be familiar with some of the material included in the course or may have already gone through some of the assignments in the past. However, never have these lessons been combined in a back-to-back format before, so that they comprise a rigorous program which culminates in your complete male to female transformation. This program will be your strongest training weapon and one you can go through and refer to over and over again when you feel you are losing your sissy touch or need to feel sexier, prettier or more grounded in your "sissiness". At the end of this manual you will find a mandatory Sissy Test, and whether you have taken this or another test in the past, you must re-take it at the end of your training as it will be an absolute accurate measure of your level of progress and success in this training program. I will only consider scores of 50 or above as passing grades but are encouraged to retake the entire course if your score is below 90. Only scores of 90 or above are considered excellent and entitle you to print the diploma that is found at the end of this course. You are encouraged to document your journey by writing about your experiences on my blog www.mistress-dede.com I wish you all the best of luck! With love, Mistress Dede
