As mentioned above, this pacing guide is aligned to the 5th grade common core math standards. The guide includes the math skill with the common core standard with which the skill correlates. In addition to the time frame and sequence of skills, I also included my rationale and reasons for teaching the skill at that point in the year (or my reasons for teaching that skill before or after other math skills).

Pacing Guide for 5th Grade Math. The fifth-grade math curriculum was designed to be implemented over the course of a single school year. It includes seven units of study over 141 instructional days (including days for lessons, flex days, and unit assessments). We intentionally did not account for all 180 instructional days in order for teachers to fit in additional review or extension, teacher-created assessments, and school-based events.
