students are presented with a cohesive, inter-related subject that they can use when approaching future, as yet unknown, problems. Building on the strengths of the previous edition, the Eighth Edition sees consolidation and refining of content, creating a modern teaching approach. Considering student's engagement, the text is arranged around five key principles to enhance focus on the intuition behind the mechanics of solving financial problems. These principles are woven throughout the book, forming a rationalised, coherent, integrated and intuitive problem-solving approach. Additionally, this product Has respected and updated/current content delivered in a range of customisable formats and affordable price points. Can be used in both majors and non-majors across Finance, in Second Year undergraduate courses in Business Finance, Financial Management and Finance and Investment.

For the introductory finance course-undergraduate corporate finance or financial management-required at all undergraduate business schools. Get the picture and develop a fundamental understanding of finance. Students often miss the big picture, viewing finance as a set of unrelated topics, tools, and techniques. In order to help students see the big picture, this text provides an introduction to financial decision-making that links the concepts to five key principles of finance. Authors Arthur J. Keown, John D. Martin, and Sheridan Titman have incorporated significant revisions that weave currency, relevance, and real-world issues into the pages of this well-know finance text.

The sixth edition of Financial Management provides students with an overview of financial management suited to the first course in finance. The focus of the text is on the big picture, providing an introduction to financial decision making grounded in current financial theory and the current state of world economic conditions. Attention is paid to both valuation and capital markets, as well as their influence on corporate financial decisions. The 10 basic principles of finance are introduced in the first chapter and woven throughout the text, to give students a solid foundation from which to build their knowledge of finance. The goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain a complete understanding of the subject. This will give them the ability to apply what they have learnt to new and as yet unforeseen problems—in short, to educate students in finance.

With its exciting introduction of the Harley-Davidson focus company theme, this book continues to provide a solid, enduring foundation of the tools of modern theory while at the same time developing the logic behind their use. The "10 Principles of Finance" (formerly "Axioms" ) provide the framework, or "the big picture" of finance, which ties the major concepts of the book together. A six-part organization covers the scope and environment of financial management, valuation of financial assets, investment in

long-term assets, capital structure and dividend policy, working-capital management, and special topics in finance, and special topics in finance. For an enduring understanding of the basic tools and fundamental principles upon which finance is based.

Teaching Students the Logic of Finance The seventh edition of Financial Management provides students with an overview of financial management suited to a first course in finance. Explore the interactive brochure The focus of the text is on the big picture, providing an introduction to financial decision making grounded in current financial theory and the current state of world economic conditions. The authors believe that students learn better when they learn the intuition behind the complex concepts. Financial Management shows students the reasoning behind financial decisions and connects all of the topics in the book to the Five Key Principles of Finance. Principle 1: Money Has A Time Value Principle 2: There Is a Risk-Return Trade-off Principle 3: Cash Flows Are the Source of Value Principle 4: Market Prices Reflect Information Principle 5: Individuals Respond to Incentives Pearson recommends including MyFinanceLab with your textbook purchase.
