easy, as Duggan is about to find out. Crimson Tempest is the first instalment in an epic sci-fi action-adventure series.

A chronicle of the Pacific Air War in World War II draws on interviews with surviving veterans of all duties to paint a detailed look at the war in the sky

A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been more than a year since humanity first encountered the hostile military alliance of alien races known as the Covenant, and several weeks after the United Nations Space Command's devastating counterattack of Operation: SILENT STORM was deemed an overwhelming success. The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant—enraged and fearful of their enemy's unexpected strategies and prowess—is not taking its recent defeat lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore—and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in extinguishing humanity's only hope of survival...

Following his successful mission to recover the missing warship ESS Crimson, Captain John Duggan finds himself unredeemed in the eyes of his superiors. His duties resume and this time he's given something easy - escort a cargo ship to a distant planet and bring it home safely. But war is never so predictable and a straightforward mission becomes something much more important. The outcome may well determine the future of humanity. Someone has terrible plans for the ESS Crimson and Duggan is about to find himself party to endless destruction. Even as worlds die, a new threat is waiting on the horizon. Bane of Worlds is a universe-spanning sci-fi adventure, which continues the Survival Wars series.

A Forgotten Past. A Terminal Future. Earth has emerged from a cataclysmic dark age with little knowledge of its past. Aided by the discovery of advanced alien technology, humanity ventures into the stars, joining other sentient races in a sprawling, prosperous interstellar Confederacy. That peace is soon shattered. Without warning, the Confederacy comes under attack by an unstoppable alien force from the unknown regions. With hopes for civilization's survival dwindling, Commander Jared Carter is sent to pursue an unlikely lead: a collection of ancient alien religious fragments which may—or may not—hold the key to their salvation . . . Book one of The Chronicles of Sarco series.
