An introduction to the workings of a modern hospital recreates the actual experiences of five patients at Massachusetts General

Michael Crichton (the creator of TV's ER) writes about true stories of life in the emergency rooms of Massachusetts General Hospital: a construction worker is seriously injured in a scaffolding collapse; a young man nearly severs his hand; and three other true-life stories.

Contains an exclusive preview of Micro by Michael Crichton and Richard Preston. In Port Royal, a outpost town of taverns, grog shops and bawdy houses, life can end swiftly. But for Captain Edward Hunter, this is a life destined for riches; Spanish gold is there for the taking. And law in the New World is made by those who take it into their own hands.

From the bestselling author of Jurassic Park, Timeline, and Sphere comes a gripping thriller about the shocking demise of eight American geologists in the darkest region of the Congo. Deep in the African rain forest, near the ruins of the Lost City of Zinj, a field expedition is brutally killed. At the Houston-based Earth Resources Technology Services, Inc., a horrified supervisor watches a gruesome video transmission of that ill-fated group and sees a haunting, grainy, man-like blur moving amongst the bodies. In San Francisco, an extraordinary gorilla named Amy, who has a 620-sign vocabulary, may hold the secret to that fierce carnage. Immediately, a new expedition is sent to the Congo with Amy in tow, descending into a secret, forbidden world where the only escape may be through the grisliest death.

In a novel set within the arena of volatile Japanese-American relations, business moguls compete for control of the international electronics industry.

From the bestselling author of Jurassic Park, Timeline, and Sphere comes a deeply personal memoir full of fascinating adventures as he travels everywhere from the Mayan pyramids to Kilimanjaro. Fueled by a powerful curiosity—and by a need to see, feel, and hear, firsthand and close-up—Michael Crichton's journeys have carried him into worlds diverse and compelling—swimming with mud sharks in Tahiti, tracking wild animals through the jungle of Rwanda. This is a record of those travels—an exhilarating quest across the familiar and exotic frontiers of the outer world, a determined odyssey into the unfathomable, spiritual depths of the inner world. It is an adventure of risk and rejuvenation, terror and wonder, as exciting as Michael Crichton's many masterful and widely heralded works of fiction.

A team of surgeons perform an operation on a violent paranoid man in an attempt to electronically control his behavior, only to have an unforeseen development from the procedure endanger the city.
