Following the success of his latest novel, Travis Glasgow and his wife Jodie buy their first house in the seemingly idyllic western Maryland town of Westlake. At first, everything is picture perfect—from the beautiful lake behind the house to the rebirth of the friendship between Travis and his brother, Adam, who lives nearby. Travis also begins to overcome the darkness of his childhood and the guilt he ' s harbored since his younger brother ' s death—a tragic drowning veiled in mystery that has plagued Travis since he was 13. Soon, though, the new house begins to lose its allure. Strange noises wake Travis at night, and his dreams are plagued by ghosts. Barely glimpsed shapes flit through the darkened hallways, but strangest of all is the bizarre set of wooden stairs that rises cryptically out of the lake behind the house. Travis becomes drawn to the structure, but the more he investigates, the more he uncovers the house ' s violent and tragic past, and the more he learns that some secrets cannot be buried forever.

The Bram Stoker Award finalist delivers a chilling horror novel of a childhood revisited, memories resurrected, and fears reborn. Years ago, Laurie escaped the troubled house where she was raised. Now she is returning, with her husband and ten-year-old daughter, to claim the estate. But even though her father exorcised his demons in a final act of desperation, the past refuses to die. Laurie can feel it lurking in the broken moldings and empty picture frames. She even hears it laughing in the moldy greenhouse deep in the woods . . . At first, Laurie thinks she ’ s imagining things. But when she meets her daughter ’ s new playmate, she notices her uncanny resemblance to another little girl who used to live next door—and died next door. As Laurie ’ s uneasiness grows stronger, her thoughts get more disturbing. Is she slowly losing her mind like her father did? Or is something truly unspeakable happening?

Only two hours into the treacherous trip west, Todd swerves to avoid a man in the middle of the highway. The stranger claims his daughter is lost somewhere out in the snow. Though his odd demeanor

and ripped clothes make Todd and his group uneasy, they agree to take the man to the nearest town—if the now-damaged car can make it. What awaits them at the next exit, however, is nothing they could have imagined. Around an empty town square, fires burn, cars are abandoned, storefronts are smashed. And there is no one to be seen—for now . . . But soon the shadows lurking on the edges of their vision will step into the light, and Todd and his fellow travelers will find themselves facing a sharp-scythed evil shaped from the snow, tearing its way into human form—and taking the neighborhood by storm. “ Malfi ’ s descriptive writing captures the cold and desperate scene in a way that will lure new fans to the genre. ” —Las Vegas Review-Journal “ An impressively atmospheric novel with a wicked streak. ” —Dread Central
