As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global

in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including: Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce ; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

This open access book explores the global challenges and experiences related to digital entrepreneurial activities, using carefully selected examples from leading companies and economies that shape world business today and tomorrow. Digital entrepreneurship and the companies steering it have an enormous global impact; they promise to transform the business world and change the way we communicate with each other. These companies use digitalization and artificial intelligence to enhance the quality of decisions and augment their business and customer operations. This book demonstrates how cloud services are continuing to evolve; how cryptocurrencies are traded in the banking industry; how platforms are created to commercialize business, and how, taken together, these developments provide new opportunities in the digitalized era. Further, it discusses a wide range of digital factors changing the way businesses operate, including artificial intelligence, chatbots, voice search, augmented and virtual reality,

as well as cyber threats and data privacy management.

“Digitalization mirrors the Industrial Revolution’s impact. This book provides a complement of perspectives on the opportunities emanating from such a deep seated change in our economy. It is a comprehensive collection of thought leadership mapped into a very useful framework. Scholars, digital entrepreneurs and practitioners will benefit from this timely work.” Gina O’Connor, Professor of Innovation Management at Babson College, USA “This book defines and delineates the requirements for companies to enable their businesses to succeed in a post-COVID19 world. This book deftly examines how to accomplish and achieve digital entrepreneurship by leveraging cloud computing, AI, IoT and other critical technologies. This is truly a unique “must-read” book because it goes beyond theory and provides practical examples.” Charlie Isaacs, CTO of Customer Connection at Salesforce.com, USA "This book provides digital entrepreneurs useful guidance identifying, validating and building their venture. The international authors developed new perspectives on digital entrepreneurship that can support to create impact ventures.” Felix Staeritz, CEO FoundersLane, Member of the World Economic Forum Digital Leaders Board and bestselling author of FightBack, Germany
