Two UC Davis Department of Entomology and Nematology faculty members are now full professors, and a third faculty member has achieved tenure as associate professor. Professor Chiu joined the ...

Three UC Davis Entomology Faculty Achieve Promotions

Repeat the experiment putting jars at different temperatures. How does this affect the fruit fly behavior? Research some genetics experiments done with flies. You can even order fruit fly kits at some ...

Fruit Fly Life Cycle

Here I am, ready to answer many of your biological ... for an animal they could keep easily in the lab and reproduce in large numbers. Drosophila melanogaster spend much of their time in the ...

Ode To The Fruit Fly: Tiny Lab Subject Crucial To Basic Research

Research Overview The Schoborg lab is broadly interested ... Working at the interface of genetics, cell biology, and development, we attempt to answer these questions using the fruit fly, Drosophila ...

College of Agriculture and Natural Resources

Paul Rand:So we would normally think of that you're going to have rats or mice or other things but normally you don't think about fish being used in a lab ... Drosophila. When you think about the ...

Discovering the Missing Link with Neil Shubin (Ep. 1)

In terms of the diversity of animals and plants, we can turn to good old Darwin for the answer: evolution has altered the genetic ... center of a conflict between cell types in the fruit fly ...

Genetic multitasking and the resolution of cellular conflict

So I was in a relatively early wave of people who were using new techniques to answer questions about the evolution of development. So the basic idea is that you can understand the development of a ...

Tiny Creatures, Big Discoveries with Nipam Patel (Ep. 22)

The answer was with great difficulty — not only does natural variation tend to be multifactorial, there ' s just not very much of it that is visible in wild animals, and without visible variation, there ...

1. An Introduction to Mice

Orr became the first to go from Grant ' s classroom in Millington to Coyne ' s lab ... genetics is not huge, but there are a lot of people who know Bruce Grant who never went to William & Mary. " At ...

Resistance (to science) is futile

Drosophila melanogaster ... Legendary biologist Herschel Roman recommended him for a postdoc in the lab of another legendary scientist, Caltech ' s Seymour Benzer. Benzer revolutionized genetics by ...

The Discovery of Nature ' s Master Timekeeper

Private funders such as the Bill and Melinda Gates Foundation have stepped up to fill the gap, and their efforts are bearing fruit in the lab of UConn ... drugs? The answer, Sun found, is yes.

If a drug stops ovulation in both flies and mice, it's likely to work in humans, too

Fruit flies (Drosophila) are the key to fundamental research into how long-term memories are formed and could hold the answer to treating disorders like ... Director of the Women's Health and Exercise ...

Biomedical science research

Our 6th Annual world-renowned Neuroscience virtual conference is now available On Demand! Neuroscience 2018 aims to explore the mechanisms of neural function from the molecular to the network level in ...

Neuroscience 2018

Suggestions of a significant relationship between chromosome abnormalities and tumor development came first from several German pathologists in the late nineteenth century 1. It w ...

Cancer genetics, cytogenetics—defining the enemy within

The study appeared in the journal Human Molecular Genetics. The UDN is a National ... Initially, researchers at Dr. Shashi's lab at Duke performed a whole slew of genetic tests, all of which ...

A novel neurological disorder associated with the Polycomb complex identified

Students can also connect to campus network and the College website to access genetics simulations and to use genetics CD roms for enhanced study and review. Computers can also be checked out by ...

Phillip Barnes

mathematics and experiments in lab and garden to answer those questions. He also has some more serious analytical points to convey. Perhaps the most interesting one comes out indirectly ...

A cultural historian's history of biology

Cancer geneticist Kenneth Offit, who has a joint appointment in the Cancer Biology and Genetics ... Pasteur Institute lab of the Nobel Laureate Jacques Monod in the 1960s. He wanted to bring that ...
