'Quietly powerful and a great help. Glorious' Emma Thompson 'Women need solitude in order to find again the true essence of themselves.' First published in 1955 and an instant bestseller, *Gift from the Sea* is a classic, wise book for women about how to flourish in life, how to balance life, work, motherhood; about finding space to think and breathe. Holidaying by the sea, and taking inspiration from the shells she finds on the seashore, Anne Morrow Lindbergh meditates on youth and age, love and marriage, peace, solitude and contentment. Her insights - into aspects of the modern world that threaten to overwhelm us, the complications of technology, the ever multiplying commitments that take us from our families - are as relevant today as they ever were, perhaps even more so. By recording her thoughts during a brief escape from everyday demands, Anne Morrow Lindbergh helps readers find a space for contemplation and creativity within their own lives.

A woman's reflections on life, its stages, and its states, comparing them with the natural treasures of life in the sea

Quila MacFarlane is devastated by the death of her mother, especially now that it's just her and her father on Devils Rock where her father is the lighthouse keeper. They can't leave and almost no one ever comes to visit them. But the morning after a storm, something floats ashore that changes their lives forever: Two small mattresses strapped together, and inside, a baby! They name her Cccelia, which means "a gift from the sea," and call her Celia. She makes them a family again-and helps heal the hurt left by Quila's mother's passing. Two years later, though, another stranger arrives, one who changes everything all over again: A woman named Margaret, come looking for the final resting place of her sister, whose ship had gone down in a storm two years before. Her sister's baby had never been found, either, she explains, and now she has no family of her own. Could this be Celia's aunt? Will Quila have to give up Celia so Margaret can have her own family back? This is a gripping tale full of love, loss, and healing.

In 1955, Anne Morrow Lindbergh published her timeless book of reflections, *Gift from the Sea*. This perennial favorite used the metaphor of seashells to explore the inner spiritual path, gently guiding readers to practice simplifying, quieting, shedding, and centering in a too-frantic world. Two generations later, in a far more fast-paced world, Anne M. Johnson asks women to discover the beauty and meaning of Lindbergh's timeless "shells" all over again. In *Return to the Sea*, she uses experiences from her own spiritual journey – as a busy mother, career woman, and therapist – to offer a renewed vision of ways to create intentional space in our lives for personal and spiritual growth. Shell illustrations, along with centering exercises, meditations, and journal-writing exercises, enhance each chapter's reflections on Lindbergh's original "shell" passages. Readers who loved *Gift from the Sea* the first time -- and women who have yet to be introduced -- welcome these reflections in a beautiful new gift edition.

A final collection of selected letters and diary entries by the National Aviation Hall of Fame inductee follows her struggles over an unplanned pregnancy, the evolution of *Gift From the Sea* and her views on politics during the Vietnam War. 25,000 first printing.

A story inspired by the marriage between Charles and Anne Morrow Lindbergh traces the romance between a handsome young aviator and a shy ambassador's daughter whose relationship is marked by wild international acclaim, history-making flights and the world-shocking abduction of their child. 30,000 first printing.

The "poignant and superbly written memoir" (Chicago Tribune) of growing up as the daughter of Charles and Anne Morrow Lindbergh. • Famous family: Reeve Lindbergh was the youngest child in her family. Her parents were so successful at avoiding publicity that it took years before she realized that they were famous. • Personal anecdotes: Reeve writes about events that weren't known to the public. This is the story of what it was like to be a part of that extraordinary family. • Beautiful, touching writing: Reviewers nationwide praised the quality of writing in Reeve Lindbergh's memoir when it was first published ten years ago.

In 1999 Anne Morrow Lindbergh, the famed aviator and author, moved from her home in Connecticut to the farm in Vermont where her daughter, Reeve, and Reeve's family live. Mrs. Lindbergh was in her nineties and had been rendered nearly speechless years earlier by a series of small strokes that also left her frail and dependent on others for her care. No More Words is a moving and compassionate memoir by Reeve Lindbergh of the final seventeen months of her mother's life. Reeve Lindbergh is an accomplished author who had learned to write in part by reading her mother's many books -- among them the international bestseller *Gift from the Sea* -- and also by absorbing her mother's careful and intimate way of examining the world around her. So Reeve's inability to communicate with her mother, a woman long recognized in her family and throughout the world as a gifted communicator, left her daughter deeply saddened and frustrated. Worse, from time to time Mrs. Lindbergh would offer a comment or observation that seemed harsh, shocking, or simply unrelated to the events around her, leaving Reeve anxious and distressed about what her mother might be thinking. Anyone who has had to care for an elderly parent disabled by Alzheimer's or stroke will understand immediately the heartache and anguish Reeve suffered. Reeve writes with great sensitivity and sympathy for her mother's plight, while also analyzing her own conflicting feelings. Mrs. Lindbergh was fortunate to have full-time care, but a tremendous emotional burden still fell on Reeve. And even as she worried about her mother's long silences and enigmatic remarks, and monitored her daily care, Reeve had her husband and son to look after. But mixed with the sadness and responsibility were moments of humor and happiness, and even an eventual understanding, all the more treasured for being so unexpected. No More Words is a tender tribute from daughter to mother, from one writer to another who was her model and mentor. It is a loving and poignant work, rich with insight into life's final stage.
