Golden Guide to Hallucinogenic Plants (1976)

PTERIDOPHYT A BRYOPHYTA DISTRIBUTION OF HALLUCINOGENS The majority of hallucinogenic species occur among the highly evolved flowering plants and in one division (fungi) of the simpler, spore-bearing plants. No hallucinogenic species are yet known from the other "branches" of the plant kingdom (see pp. 12- 13).

February 21, 2020. January 18, 2012 by Lichtenberg. Hallucinogenic Plants was a part of a series of books and field guides published in the seventies under the name Golden Guides. Hallucinogenic plants were written by Richard Evans Schultes - a founder of modern ethnobotany. The book is a good intro to psychedelics that has been much further explored since it was published, but I have chosen to post it here because of its usability, rich illustrations (by Elmer W. Smith) and the fact that ...

Hallucinogenic Plants a guide by Richard E. Schultes

In 1976, the series published A Golden Guide To Hallucinogenic Plants, written by famed Harvard botanist and Amazon explorer - and, some say, model for Indiana Jones - Richard Evans Schultes, with illustrations by Elmer W. Smith. Schultes spent decades in the Amazon, collected over 30,000 herbarium specimens, including 300 species new to science, and cataloged 2,000 medicinal plants.

One of these is muscimole, the main pharmacologically active principle. Other compounds, such as muscazone, are found in lesser concentrations and may contribute to the intoxication. Fly agaric mushroom is so called because of its age-old use in Europe as a fly killer. The mushrooms were left in an open dish.

Open the Book

These Golden Guides were the standard back in the day. I have always had a fondness for the golden guides, and the hallucinogenic plant guide is well done. This guide, however, was discontinued likely after the War On Drugs came about.. Censorship is alive and well. At least some of these copies are available as used through the affiliated sellers.

The Golden Guides, originally Golden Nature Guides, were a series of 160-page, pocket-sized books created by Western Publishing and published under their "Golden Press" line (primarily a children's book imprint) from 1949. Edited by Herbert S. Zim and Vera Webster, the books were written by experts in their field and illustrated in a simple straightforward style.
