Darkness has fallen on the city of Portland, Oregon. One by one, the wives of affluent and respected men are vanishing from their homes. The only clues to their disappearance are a single black rose and a note that reads, "Gone, But Not Forgotten." It is the rebirth of a horror that has already devastated a community at the opposite end of the country/and, as it did then, terror and death will follow. Defense attorney Betsy Tannenbaum is trapped in a nightmare as the shadows of a killer darken her world. And she will soon be risking everything she has and everyone she loves to defend a cold, powerful, and manipulating client who may be a victim . . . or a monster.
--

· In Portland, Oregon, the wives of several prominent businessmen have disappeared without a trace, leaving behind only a black rose and a note with a simple message: ðGone, But Not Forgotten.ð · An identical series of disappearances occurred in Hunter's Point, New York, ten years ago!but the killer was caught, the case was closed and the special 'rose killer' task force was disbanded. · Betsy Tannenbaum, a Portland wife and mother who has gained national recognition as a feminist defense attorney, is retained by multimillionaire Portland developer Martin Darius!for no apparent reason. · Nancy Gordon, a homicide detective for the Hunter's Point Police Department and an original member of the 'rose killer' task force, hasn't slept a full night in ten years, haunted by nightmares of a sadistic killer who, she swears, is still out there. . . · Alan Page, the Portland district attorney, trying to make sense of the sudden series of disappearances, opens his front door one evening to find Nancy Gordon on his doorstep/determined to tell him a story he won't soon forget. · Across the country, in Washington, D.C., the President of the United States has just selected United States Senator Raymond Colby to be the next Chief Justice of the Supreme Court. In a private meeting, Colby assures the President there are no skeletons in his closet. Complex, utterly compelling, and brilliantly executed, GONE, BUT NOT FORGOTTEN is a book that truly lives up to its extraordinary advance praise: Once begun it simply cannot be put down.

A ten-year-old New York case involving disappearing wives, supposedly solved, returns to haunt Portland, Oregon, as the D.A. embarks on a manhunt for a killer and feminist defense attorney Betsy Tannenbaum is hired by a wealthy developer. Reprint.

A ten-year-old New York case involving disappearing wives, supposedly solved, returns to haunt Portland, Oregon, as the D.A. embarks on a manhunt for a killer and feminist defense attorney Betsy Tannenbaum is hired by a wealthy developer. Reprint.

From bestselling author Phillip Margolin, a fast-paced legal thriller packed with page-turning suspense. Peter Hale is a young attorney struggling to make his own mark in his father's venerable law firm when he is presented with the opportunity of a lifetime. During the trial of a multimillion-dollar case, Peter's father, the lead counsel, suffers a heart attack and asks Peter to move for a mistrial until he's feeling better. Peter decides this is his only chance to prove to his father that he is the terrific lawyer he knows himself to be, and he chooses to carry on with the case against his father's wishes. In his zeal to prove himself, Peter neglects his client and ends up losing everything!the case, his job, and his father. Unemployed and disinherited, Peter takes the only job he is offered!that of a public defender in a small Oregon town. He hopes that if he can make good there, he can reinstate himself in his father's good graces. But his ambition again gets the best of him when he takes on a death-penalty case, representing a mentally retarded man accused of the brutal hatchet murder of a college coed. He's in way over his head, and it's only when Peter realizes that his greed and his ego may end up killing his client that he begins to understand what it really takes to be a good lawyer!and to become a man.

"A genuine whodunnit" (Kirkus Reviews)--Phillip Margolin, the master of the courtroom thriller, returns with A Matter of Life and Death, a classic mind-bending puzzle, as Attorney Robin Lockwood must face her most challenging case yet, with everything stacked against her client and death on the line. Joe Lattimore, homeless and trying desperately to provide for his young family, agrees to fight in a no-holds-barred illegal bout, only to have his opponent die. Lattimore now finds himself at the mercy of the fight's organizers who blackmail him into burglarizing a house. However, when he breaks in, he finds a murdered woman on the floor and the police have received an anonymous tip naming him the murderer. Robin Lockwood, an increasingly prominent young attorney and former MMA fighter, agrees to take on his defense. But the case is seemingly airtight!the murdered woman's husband, Judge Anthony Carasco, has an alibi and Lattimore's fingerprints are discovered at the scene. But everything about the case is too easy, too pat, and Lockwood is convinced that her client has been framed. The only problem is that she has no way of proving it and since this is a death case, if she fails then another innocent will die.

Gone, But Not Forgotten rocketed Phillip Margolin into the select company of million-selling novelists. Here he displays again the same genius for best-selling suspense in another intricate, breathtaking thriller of multiple murder in the legal community of the Pacific Northwest. Laura Rizzati, a law clerk for Oregon Supreme Court Justice Robert Griffen, is found slain late one night in the deserted courthouse. Her office is ransacked but nothing seems to be missing. There are no suspects and no clues. The following month Griffen himself is killed by a car bomb in the driveway of his Portland home. This time, though, there is a suspect: in a shocking turn of events, Abigail Griffen, star prosecutor in the Multnomah County District Attorney's office and estranged wife of Justice Griffen, is charged with first degree murder. With the same gripping suspense that drove Gone, But Not Forgotten onto the bestseller lists, this is a complex legalthriller with a truly startling ending.

Inside a cabin tucked away in the Oregon woods a grisly scene awaits investigating police. Arrested soon after for the heinous crime, Vincent Cardoni!a brilliant surgeon with a history of violence and drug abuse!hires Portland's top attorney, Frank Jaffe, to defend him against a seemingly insurmountable pile of evidence. Jaffe's daughter, Amanda!a young lawyer getting her first taste of criminal defense!wonders whether she's representing an innocent man or using her considerable skills to set a monster free. Then Cardoni disappears under bizarre circumstances. Four years later the slaughter begins again. But is it Cardoni plying his gruesome trade, or the work of another equally brilliant, equally inspired killer? And can Amanda and policeman Bobby Vasquez hunt the elusive maniac down before they themselves fall victim to a psychopath's terrible hunger?

A cold-blooded murder. A beautiful suspect. An honest judge forced to do the unthinkable. New York Times bestselling author Phillip Margolin is a master of legal suspense. In this explosive novel, a simple case of self-defense becomes a nightmare in which justice itself is held hostage. Judge Richard Quinn is young, idealistic, and honest to a fault. That's why he's handed the most sensational homicide case in Oregon history. Locked in a race for the U.S. Senate, Ellen Crease gunned down the intruder who murdered her wealthy husband. In a single, brutal instant she became a widow, a victim, and a hero. Yet disturbing questions remain. What secrets did the man who started his fortune running mortuaries keep that might have cost him his life? What about the son frozen out of his will? Or his wife's political enemies? And what about Ellen Crease herself? Soon it becomes clear that a deadly plot of murder, blackmail, passion, and double cross is unfolding around Judge Richard Quinn. And unless he breaks the rules, justice will not only be blind, it will be the final victim.

There is no finer architect of bone-chilling suspense than the incomparable Phillip Margolin. Now two of his New York Times bestselling blockbusters have been combined in one remarkable volume -- a sensational one-two punch that proves without a doubt that, when it comes to thrills, twists, turns, shocks, and unrelenting, nail-biting tension, there is simply no one out there better than Phillip Margolin!
