Young adulthood - ages approximately 18 to 26 - is a critical period of development with long-lasting implications for a person's economic security, health and

# Bookmark File

## PDF Grade11

well-being. Young adults are key contributors to the nation's workforce and military services and, since many are parents, to the healthy development of the next generation.

Although 'millennials' have received attention in the popular media in recent years, young

# Bookmark File

## PDF Grade11

adults are too rarely treated as a distinct population in policy, programs, and research. Instead, they are often grouped with adolescents or, more often, with all adults. Currently, the nation is experiencing economic restructuring, widening inequality, a

# Bookmark File

## PDF Grade11

rapidly rising ratio of older adults, and an increasingly diverse population. The

possible

transformative effects of these features make focus on young adults especially important. A

systematic approach to understanding and responding to the unique circumstances

# Bookmark File

## PDF Grade11

and needs of today's young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society at large.

Investing in The Health and Well-Being of Young Adults describes what is meant by the term young adulthood, who

# Bookmark File PDF Grade11

young adults are, what they are doing, and what they need. This study recommends actions that nonprofit programs and federal, state, and local agencies can take to help young adults make a successful transition from adolescence to adulthood. According

# Bookmark File

## PDF Grade11

to this report, young adults should be considered as a separate group from adolescents and older adults. Investing in The Health and Well-Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce

# Bookmark File

## PDF Grade11

development systems that are more closely tied to high-demand economic sectors will help this age group achieve greater opportunity and success. The report also discusses the health status of young adults and makes recommendations to develop evidence-based practices for
