"Graphic Storytelling and Visual Narrative" teaches how to control a story effectively using a broad array of techniques. With examples from Eisner's own catalogue and such masters as R. Crumb, Art Spiegelman, Milton Caniff, H. Foster, Al Capp and George Herriman, these books distill the art of graphic storytelling into principles that every comic artist, writer and filmmaker should know.

~~Graphic Storytelling and Visual Narrative (Will Eisner)~~

A visual narrative is a type of story that is told primarily or entirely through visual media, such as photographs, illustrations, or video. There are no restrictions on the types of narratives that can be made in a visual manner – a visual narrative can be fiction or nonfiction of any genre. Some such narratives are even used primarily for practical purposes in order to communicate the same ideas to speakers of different languages.

One of the best ways to use storytelling in design is to create a visual experience that is for the user. It might be your story, but you want users to own it, connect with it, and yearn to be a part of it. If the design helps make them part of the story, establishing that connecting gets so much easier.
