Book Review: Half Lion: How P.V. Narasimha Rao Transformed India by Vinay Sitapati. P.V. Narasimha Rao served as Prime Minister of India between 1991-95 and presided over the country's economic liberalisation, yet his legacy is highly contested. In Half Lion: How P.V. Narasimha Rao Transformed India, political scientist Vinay Sitapati draws on new evidence and interviews to present an alternative portrait of one of India's most misunderstood and maligned leaders in modern history.

Half - Lion: How P.V. Narasimha Rao Transformed India ...

Half-Burnt Body The corpse was clad in white dhoti and golden silk kurta.1 At 2.30 p.m., it was brought from Delhi's All India Institute of Medical Sciences to 9 Motilal Nehru Marg. P.V. Narasimha Rao, prime minister of India from 1991 to 1996, had died at around 11 a.m., 23 December 2004.

When P.V. Narasimha Rao became the unlikely prime minister of India in 1991, he inherited a nation adrift, violent insurgencies, and economic crisis. Despite being unloved by his people, mistrusted by his party, and ruling under the shadow of 10 Janpath, Rao transformed the economy and ushered India into the global arena. With exclusive access to Rao's never-before-seen personal papers and diaries, this definitive biography provides new revelations on the Indian economy, nuclear programme, foreign policy and the Babri Masjid. Tracing his early life from a small town in Telangana through his years in power, and finally, his humiliation in retirement, it never loses sight of the inner man, his difficult childhood, his corruption and love affairs, and his lingering loneliness. Meticulously researched and brutally honest, this landmark political biography is a must-read for anyone interested in knowing about the man responsible for transforming India.

When P.V. Narasimha Rao became the unlikely prime minister of India in 1991, he inherited economic catastrophe, violent insurgencies and a nation adrift. Yet because he was unloved by his people and mistrusted by his own party-a minority in Parliament and ruling under the shadow of Sonia Gandhi-Rao lacked the mandate to combat these crises. Yet, Rao was not just able to last a full five years as Prime Minister, he reinvented India, at home and abroad. Few world leaders have achieved so much with so little power. With exclusive access to Rao's never-before-seen personal papers as well as over a hundred interviews, Vinay Sitapati's definitive biography tells the story of India's makeover in the 1990s and the story of the Deng Xiaoping-like figure who did it. Assuming power over an ossified, quasi-socialist economy burdened by inefficient industrial behemoths, Rao was instrumental in driving through a broad set of liberalizing economic reforms that transformed India. Rao's career is the ideal window through which to understand how India became a force in the global economy almost overnight. Sitapati traces Rao's life from a village in Telangana through his years in power and-afterward-his humiliation in retirement. Yet the book never loses sight of the inner man-his difficult childhood, his corruptions

and love affairs, and his lingering loneliness. Meticulously researched and honestly told, this landmark political biography is a must-read for anyone interested in the man responsible for transforming India.

Narendra Modi has been a hundred years in the making. Vinay Sitapati's *Jugalbandi* provides this backstory to his current dominance in Indian politics. It begins with the creation of Hindu nationalism as a response to British-induced elections in the 1920s, moves on to the formation of the Bharatiya Janata Party (BJP) in 1980, and ends with its first national government, from 1998 to 2004. And it follows this journey through the entangled lives of its founding jugalbandi: Atal Bihari Vajpayee and Lal Krishna Advani. Over their six-decade-long relationship, Vajpayee and Advani worked as a team despite differences in personality and beliefs. What kept them together was fraternal love and professional synergy, of course, but also, above all, an ideology that stressed on unity. Their partnership explains what the BJP before Modi was, and why it won. In supporting roles are a cast of characters—from the warden's wife who made room for Vajpayee in her family to the billionaire grandson of Pakistan's founder who happened to be a major early funder of the BJP. Based on private papers, party documents, newspapers and over two hundred interviews, this is a must-read for those interested in the ideology that now rules India.

Political biography of P.V. Narasimha Rao, 1921-2004, former prime minister of India.

Novel set against the contemporary political situation in India.

Traces India's economic and social transformation into a free-market democracy, sharing the stories of its top players while weaving in the author's own life experiences as a former CEO for Procter & Gamble India. Reprint.

Research polls, media interviews, and everyday conversations reveal an unsettling truth: citizens, while well-meaning and even passionate about current affairs, appear to know very little about politics. Hundreds of surveys document vast numbers of citizens answering even basic questions about government incorrectly. Given this unfortunate state of affairs, it is not surprising that more knowledgeable people often deride the public for its ignorance. Some experts even think that less informed citizens should stay out of politics altogether. As Arthur Lupia shows in *Uninformed*, this is not constructive. At root, critics of public ignorance fundamentally misunderstand the problem. Many experts believe that simply providing people with more facts will make them more competent voters. However, these experts fail to understand how most people learn, and hence don't really know what types of information are even relevant to voters. Feeding them information they don't find relevant does not address the problem. In other words, before educating the public, we need to educate the educators. Lupia offers not just a critique, though; he also has solutions. Drawing from a variety of areas of research on topics like attention span and political psychology, he shows how we can actually increase issue competence among voters in areas ranging from gun regulation to climate change. To attack the problem, he develops an arsenal of techniques to effectively convey to people information they actually care about. Citizens sometimes lack the knowledge that they need to make competent political choices, and it is undeniable that greater knowledge can improve decision making. But we need to understand that voters either don't care about or pay attention to much of the information that experts think is important. *Uninformed* provides the keys to improving political knowledge and civic competence: understanding what information is important to others and knowing how to best convey it to them.

Narendra Modi has been a hundred years in the making, and this book provides the backstory. It begins with the creation of Hindu nationalism, moves on to the 1980 formation of the Bharatiya Janata Party (BJP), and ends with its first national administration, from 1998 to 2004. By revisiting these events, we can trace the Modi government's current dominance of Indian politics all the way back to its origins. Vinay Sitapati follows this journey through the entangled lives of the party's founding fathers: Atal Bihari Vajpayee and Lal Krishna Advani. Over their six-decade-long relationship, Vajpayee and Advani worked as a team, despite differences in personality and beliefs. Bound together by RSS discipline and shared ambition—for a Hinduized Indian polity—their partnership explains the nature of the BJP before Modi, and why it won power. In supporting roles are a colorful cast of characters, from the warden's wife who made room for Vajpayee in her family to the billionaire grandson of Pakistan's founder, who happened to be a major early BJP benefactor. Based on private papers, party documents, newspapers and over 200 interviews, this is a must-read for all those interested in the Hindu nationalist ideology that now rules India.
