Hardboiled Web Design by
Andy Clarke. Hardboiled and
me have a not so nice
history. I first ordered
Hardboiled Web Design way
back in October I think, it
was supposed to ship right
after Thanksgiving, but due
to the insane amount of snow
the UK got, it was delayed
until the first week or two
of December. That was ok
though, it was promised to
be here before Christmas.

The landscape of web design has changed drastically in the time since *Transcending*, and we're in need of a guide to steer a course through the stormy seas of CSS3 and wild woods of HTML5. That book is *Hardboiled Web Design*.
