Bridget Duke is the uncontested ruler of her school. The meanest girl with the biggest secret insecurities. And when new girl Anna Judge arrives, things start to fall apart for Bridget: friends don't worship as attentively, teachers don't fall for her wide-eyed "who me?" look, expulsion looms ahead and the one boy she's always loved—Liam Ward—can barely even look at her anymore. When a desperate Bridget drives too fast and crashes her car, she ends up in limbo, facing everyone she's wronged and walking a few uncomfortable miles in their shoes. Now she has only one chance to make a last impression. Though she might end up dead, she has one last shot at redemption and the chance to right the wrongs she's inflicted on the people who mean the most to her. And Bridget's about to learn that, sometimes, saying you're sorry just isn't enough....

Mean girls. Girls who gossip, girls who stare. Girls who give you the silent treatment. Girls who look down their noses at what you wear. Girls who know just the right way to get under your skin. Every high school has them. In Here Lies Bridget, Bridget Duke is the ruler of the school—the meanest girl around. She knows just what she wants, and she does whatever she feels like to get her way. But when things begin to fall apart, and then a freak accident sends Bridget into a strange limbo world run by her arch nemesis, will she be able to clean up her act? In New Girl, transferring to a new school—a preppy boarding school, no less—would have been hard for anyone. But when the new girl arrives, she realizes she's living in the shadow of the girl she's replaced—Becca, formerly the most popular girl in school before her mysterious disappearance the year before. But what really lay beneath missing party-girl Becca's pretty exterior? Get inside the world of the mean girl in these two timely novels by Paige Harbison.

Welcome to Maderley Academy I hadn't wanted to go, but my parents were so excited... So here I am, the new girl at Manderley, a true fish out of water. But mine's not the name on everyone's lips. Oh, no. It's Becca Normandy they can't stop talking about. Perfect, beautiful Becca. She went missing at the end of last year, leaving a spot open at Manderley—the spot that I got. And everyone acts like it's my fault that infallible, beloved Becca is gone and has been replaced by not perfect, completely fallible, unknown Me. Then, there's the name on my lips—Max Holloway, Becca's ex. The one boy I should avoid, but can't. Thing is, it seems like he wants me, too. But the memory of Becca is always between us. And as much as I'm starting to like it at Manderley, I can't help but think she's out there, somewhere, watching me take her place. Waiting to take it back.

Natalie and Brooke are best friends until one crazy night when Natalie crosses the line with Brooke's boyfriend, leading to a severe test of their friendship and leaving them asking questions about each other. Original.

When 16-year-old Tessa suffers a shocking accident in gym class, she finds herself in heaven (or what she thinks is heaven), which happens to bear a striking resemblance to her hometown mall. In the tradition of It's a Wonderful Life and The Christmas Carol, Tessa starts reliving her life up until that moment. She sees some things she'd rather forget, learns some things about herself she'd rather not know, and ultimately must find the answer to one burning question--if only she knew what the question was. Written in sharp, witty verse, Wendy Mass crafts an extraordinary tale of a spunky heroine who hasn't always made the right choices, but needs to discover what makes life worth living.

Nothing should come between best friends, not even boys. ESPECIALLY not boys. Natalie and Brooke have had each other's backs forever. Natalie is the quiet one, college bound and happy to stay home and watch old movies. Brooke is the movie—the life of every party, the girl everyone wants to be. Then it happens—one crazy night that Natalie can't remember and Brooke's boyfriend, Aiden, can't forget. Suddenly there's a question mark in Natalie and Brooke's friendship that tests everything they thought they knew about each other and has both girls discovering what true friendship really means.

Nick and Allie don't survive the crash, and now they are in limbo, stuck halfway between life and death, in a netherworld known as Everlost. Everlost is home to those who didn't make it to their final destination: A magical yet dangerous place filled with shadows where lost souls run wild. Shocked and frightened, Nick and Allie aren't ready to rest in peace just yet. They want their lives back. Desperate for a way out, their search takes them deep into the uncharted regions of Everlost. But the longer they stay, the more they forget about their past lives. And with all memory of home fading fast and an unknown evil lurking in the shadows, Nick and Allie may never escape this strange, terrible world. In this imaginative, supernatural thriller, Neal Shusterman explores questions of life, death, and what just might lie in between.

A young runaway is welcomed into the arms of an affluent family after he takes on the identity of the family's missing son, Daniel, only to slowly realize that the family knows more about Daniel's disappearance than they are letting on.

Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, Literature for Young Adults includes chapters on literary nonfiction; poetry; short stories; and drama; cover art; picture books; illustrated literature; and graphic novels; and film. It recognizes that, while films can be used to complement print literature, they are also a literary format in their own right—and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language—including traditional elements as well as metatextive terms—enables readers to share in a literary conversation with their students (and others) when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.
