Textile as a material of daily use has been there for ages now

# Download Free Hexco Past

and as an industry, it is one of the promising industries.

Textile Industry will always be there as clothes are one of the basic human necessities. For making textile, there is always the need of textile designers who design the textiles.

Textile design is basically the process

of creating designs for knitted, woven or printed fabrics.

Fabrics can be made by weaving and knitting and can be given basic decoration through printing. Textile designing is a technical process including different methods for production of textile. It
