Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history,

considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to

embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher

description.

The open country of Texas between the Nueces River and the Rio Grande was sparsely settled through the nineteenth century, and most of the settlers who did live there had Hispanic names that until recently were rarely admitted into the pages of Texas history. In 1935, however, a descendant of one of the old Spanish land-grant families in the region--a woman, no less--found an ingenious way to publish the history of her region at a time when neither Tejanos nor women had much voice. She told the story from the

perspective of an ancient mesquite tree, under whose branches much South Texas history had passed. Her tale became an invaluable source of folk history but has long been out of print. Now, with important new introductions by Leticia M. Garza-Falcón and Andrés Tijerina, the history witnessed by El Mesquite can again inform readers of the way of life that first shaped Texas. Through the voice of the gnarled old tree, Elena Zamora O'Shea tells South Texas political and ethnographic history, filled with details of daily life such as songs, local plants and folk medicines, foods and recipes,

Read Book History 1301 Test 1 Answers

peone/patron relations, and the Tejano ranch vocabulary. The work is an important example of the historical-folkloristic literary genre used by Mexican American writers of the period. Using the literary device of the tree's narration, O'Shea raises issues of culture, discrimination, and prejudice she could not have addressed in her own voice in that day and explicitly states the Mexican American ideology of 1930s Texas. The result is a literary and historic work of lasting value, which clearly articulates the Tejano claim to legitimacy in Texas history.

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs

and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training,

widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Interpreting the Great Awakening of the eighteenth century was in large part the work of Jonathan Edwards; whose writings on the subject defined the revival tradition in

Read Book History 1301 Test 1 Answers

America. Moving from sensitive descriptions of "the Surprising work of God" in conversion to a consuming quest for the essence of true religion, and threading his way through mounting controversies over "errors in doctrine and disorders in practice," Edwards sought to locate an authentic core of evangelical experience, to define it in terms of biblical faith and psychological insight, and to defend it against both overheated zealous and rationalistic critics. The tracts that unfold his thoughts, presented here (with related correspondence) for the first time in accurate critical texts, document a

movement so significant for the American character that it has been called "our national conversion." In a carefully researched introduction, C.C. Goen identifies the "Arminian threat" to which the Northampton pastor responded at the onset of the Awakening, and traces Edwards' understanding of vital religion as it developed in the ambiguous context of revivalism. Mr. Goen's study also illuminates little-known aspects of *A Faithful Narrative* and describes the haphazard way in which that important work reached its eager audience. C.C. Goen, author of *Revivalism and*

Separatism in New England, 1740-1800 (1962), is professor of church history at the Wesley Theological Seminary in Washington, D.C.

How partisan politics lead to the Civil War
What brought about the Civil War? Leading historian Michael F. Holt convincingly offers a disturbingly contemporary answer: partisan politics. In this brilliant and succinct book, Holt distills a lifetime of scholarship to demonstrate that secession and war did not arise from two irreconcilable economies any more than from moral objections to slavery. Short-sighted politicians were to blame.

Read Book History 1301 Test 1 Answers

Rarely looking beyond the next election, the two dominant political parties used the emotionally charged and largely chimerical issue of slavery's extension westward to pursue reelection and settle political scores, all the while inexorably dragging the nation towards disunion. Despite the majority opinion (held in both the North and South) that slavery could never flourish in the areas that sparked the most contention from 1845 to 1861—the Mexican Cession, Oregon, and Kansas—politicians in Washington, especially members of Congress, realized the partisan value of the issue and acted on short-term

political calculations with minimal regard for sectional comity. War was the result. Including select speeches by Lincoln and others, *The Fate of Their Country* openly challenges us to rethink a seminal moment in America's history.

The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this groundbreaking history, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of

Read Book History 1301 Test 1 Answers

British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

A reissue of a Pulitzer prize-winning classic, and now the major motion picture GETTYSBURG. As a result of these acclamations, this book is considered one of the greatest novels written on the Civil War.

The American Revolution was a civil war as well as a war for independence. The experience of Benjamin Franklin and his son, William, royal governor of New Jersey, reveals America's internal struggle over the question of loyalty to England. A collection of letters accompanies Sheila Skemp's narrative of the two men, bonded by blood,
