Its innovative design allows intermediate-level students to use four key sections concurrently to become better readers in school, college, or business.

The ninth engrossing novel in the #1 bestselling It Girl series. Popular Gossip Girl character Jenny Humphrey never goes looking for trouble; but trouble always seems to find her. What Waverly Academy mischief will Jenny, Tinsley, and Callie stir up now? It's January, and a new semester at Waverly Academy means one thing: new students. Make that hot new students. A gorgeous brother-sister pair is taking Waverly by storm, and the campus is abuzz with fresh gossip and even fresher crushes. But while all the girls are busy drooling over the new it-guy, they'd better watch their backs—because his sister is going to give them all a run for their money. After all, there can only be one It Girl...

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

“One of the most addictive new series heroines since Stephanie Plum.”—The Atlanta Journal-Constitution Atlanta private investigator and ex-FBI profiler Keye Street wants nothing more than time alone with her boyfriend, Aaron—but, as usual, murder gets in the way. A.P.D. Lieutenant Aaron Rauser is called to the disturbing scene of the strangling death of a thirteen-year-old boy. Meanwhile, Keye, a recovering alcoholic, must deal with her emotionally fragile cousin, who has her own history of drug abuse and is now convinced that she is being stalked. But all hell breaks loose when another murder—the apparent hanging of an elderly man—hits disturbingly close to home for Keye. Though the two victims have almost nothing in common, there are bizarre similarities between this case and that of Aaron’s strangled teen. With the threat of more deaths to come, Keye works on pure instinct alone—and soon realizes that a killer is circling ever closer to the people she loves the most. BONUS: This edition includes an excerpt from Amanda Kyle Williams's Don't Talk to Strangers. Praise for Amanda Kyle Williams and Stranger in the Room “Keye Street remains the most interesting, cynically funny and smart series detective today. . . . The tension buzzes like cicadas on a hot Georgia night and the pace is relentless.”—Seattle Post-Intelligencer “The best fictional female P.I. since Sue Grafton’s Kinsey Millhone.”—The Plain Dealer “Keye Street immediately puts herself in the top echelon of suspense heroes. She’s a mess of fascinating contradictions—effortlessly brilliant on a case, totally inept in managing her own life. She is brutally funny and powerfully human—one of the most realistic protagonists in crime fiction that I’ve had the thrill to read.”—Tess Gerritsen, New York Times bestselling author of Last to Die “There’s a new voice in Atlanta, and her name is Amanda Kyle Williams—captivating, powerful and compelling.”—Julia Spencer-Fleming, New York Times bestselling author of One Was a Soldier “Readers of this fast-paced thriller will be eager for the next Street tale.”—Publishers Weekly

Delia Bridges is done living in the shadows cast by her ex-convict father and her football star brother. Attending Cook University will finally give her the chance to be her own person and hopefully find love at the same time. When she meets Wyatt Johnston, she knows immediately he's the one. Wyatt fulfills all of Delia's requirements for the perfect man: he's rich, handsome, and a talented forward for Cook's soccer team. However, Wyatt turns out not to be the man she thought. When he dumps her and simultaneously ruins her reputation, she has to start over once again. Levi Caldwell has every quality Delia doesn't want in a boyfriend. He has no money, works for the maintenance staff at Cook, and has no problem sharing his judgmental opinions about how Delia is living her life. Despite her growing attraction for the tattooed drummer, Delia tries to avoid Levi. But when a new crisis threatens to destroy all she has rebuilt, she finds Levi is the only person she can trust. ***Standalone New Adult Romance-Ages 17+ Due to Strong Language and Sexual Situations***

Autumn Dorey had no problem leaving her hometown of Newpine and the friends there who'd betrayed her. Everyone thought they knew what happened the spring night Autumn's world fell apart. Vicious rumors about the incident circulated, and she had to be homeschooled the last year of high school to escape her tormentors. All she wants now is to get away from it all and start over at Cook University. She leaves everything but the memory behind—something she swore she'd never forget—and sets off to rebuild what was broken. Blake Preston is precisely the type of guy Autumn wants to avoid. He's gorgeous, arrogant and the college's beloved football star. As much as she believes he's someone she should steer clear of, avoiding him proves to be impossible. He shows up everywhere around campus, offering her a no-strings attached friendship. Autumn can't deny Blake stirs up emotions she thought fled years ago. But things he's been hiding begin to

emerge and collide with her past, leaving her heart ravaged in their wake.

Welcome to Subirdia presents a surprising discovery: the suburbs of many large cities support incredible biological diversity. Populations and communities of a great variety of birds, as well as other creatures, are adapting to the conditions of our increasingly developed world. In this fascinating and optimistic book, John Marzluff reveals how our own actions affect the birds and animals that live in our cities and towns, and he provides ten specific strategies everyone can use to make human environments friendlier for our natural neighbors. Over many years of research and fieldwork, Marzluff and student assistants have closely followed the lives of thousands of tagged birds seeking food, mates, and shelter in cities and surrounding areas. From tiny Pacific wrens to grand pileated woodpeckers, diverse species now compatibly share human surroundings. By practicing careful stewardship with the biological riches in our cities and towns, Marzluff explains, we can foster a new relationship between humans and other living creatures—one that honors and enhances our mutual destiny.

Free from the prison Millie 942B was born and raised in, she finds the Nation she believed in to be the very enemy she feared. -- from publisher's description.

Last summer, three very different girls—wild Murphy, perfect Leeda, and shy Birdie—etched their initials on a Magnolia tree at Darlington Peach Orchard to symbolize that they're friendship will last forever. But can it survive the less-than-peachy year ahead? Murphy, more in love with Rex than ever, is torn between her big-city dreams and following her heart . . . all the way across the railroad tracks and into Rex's arms. Leeda, nominated to be Bridgewater's Pecan Queen, basks in the rose-scented glow of her Ice Queen mother's sudden affection—until her sister, the princess, returns. Birdie, happy for the first time, wants nothing more than to make time stand still. Too bad everything is changing, whether she likes it or not. The sweet trio of Georgia girls that made Peaches a national bestseller returns in this delicious and satisfying sequel. This year, Murphy, Leeda, and Birdie discover that bitter endings can lead to sweet new beginnings . . . and that the orchard that brought them together will always be a part of them—even if they leave it behind.
