Honda CR-V Affected by Engine Troubles - Consumer Reports

I have a newish 2019 Honda CRV with the 1.5 L turbo engine. After I bought it I learned about the "gas in oil" problem the engine has had the last few years. Honda said it would be fixed for 2019. Here is how they "fixed" it: My car has 1900 miles on it, mostly short trips in warm weather. The oil life monitor is at 40%.

Never Buy a Honda With This Engine - YouTube
Oil Consumption Class Action Lawsuit ?. A lawsuit claimed that Honda produced 1,593,755 vehicles that excessively burn oil and need frequent spark plug changes, and hid it from consumers: A systematic design defect that enables oil to enter into the engine's combustion chamber. This leads to premature spark plug degradation and engine malfunction. Honda denied the allegation, despite issuing a Technical Service Bulletin (TSB #11-033) in July of 2011 that quietly acknowledged the problem.
