A powerful guide for every woman looking to find-or amplify-her voice Most books about public speaking don't tell you what to do when you open your mouth and nothing comes out. And they don't tell you how to get over the performance anxiety that most people naturally have. They don't tell you what to do in the moments when you are made, as a woman, to feel small. They don't tell you how to own the room. This book does. From the way Michelle Obama projects "happy high status,"

and the power of J.K.Rowling's understated speaking style, to Virginia Woolf's leisurely pacing and Oprah Winfrey's mastery of inner conviction, what is it that our heroines do to make us sit up and listen - really listen - to their every word? And how can you achieve that impact in your own life? How to Own the Room will show you exactly how.

Find your signature voice People are drawn to and influenced by leaders who communicate authentically, connect easily with people, and have immediate impact. So how do you become one of them? How can you learn to "own the room"? This book will help you develop your leadership presence. According to Amy Jen Su and Muriel Maignan Wilkins, leadership presence is the ability to consistently and clearly articulate your value proposition while influencing and connecting with others. They offer a simple and compelling framework, as well as practical advice about how you can develop your own personal presence. No matter where you sit in an organization, you can "own the room" if you are able to do two things well: first, demonstrate your authentic value and distinction, and second, connect to others in a positive way. Leaders who are able to be authentic while connecting with and impacting others have what the authors call a "signature voice"—a means of self-expression that is uniquely and

distinctly their own. Once you discover and express your own signature voice, you'll be ready to take your leadership presence to the next level. Filled with real-life stories and examples, *Own the Room* demystifies the concept of presence and gives you the tools you need to identify and embrace your unique leadership voice—and have a greater impact on the world around you.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance - women and learning, writing and poverty - which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence - a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' - Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' - Hermione Lee, *The Financial Times*
