I installed the driver you pointed to and can install an "HP Universal Printing PCL 5" or "HP Universal Printing PCL 5 (v6.1.0)" but that doesn't seem to have got me any closer to installing my HP Laserjet 1320. It still shows as "Driver is unavailable" in my list of printers and there is no option to add a driver only to remove device.

The book covers latest IT trends Microsoft Vista and Microsoft Office 2007. The content of the book is designed considering the needs of people running business from home or office. The book covers all new features and programs of Windows Vista like Windows Aero, Windows Meeting Space, Internet 7.0, Windows Mail, etc. For Internet savvy users, a separate section is provided on Search Engine. The book does not end here. After mastering Windows Vista, the book introduces you to Microsoft Office 2007 and helps you in preparing professional letters, personal accounting sheets, and presentations for the masses. It Covers Microsoft Office applications such as Microsoft Word 2007, Microsoft Excel 2007, Microsoft Access 2007 and Microsoft Powerpoint 2007. The unique Tutor CD provided with this book is a true add-on. While other books rely on the theory and long explanations, the tutor CD accompanying this book helps you build skills on the software you learnt while reading this book.

This is a book that helps you learn Office 2007, the contemporary offering from Microsoft. Being precise and complete, it offers the reader a cutting edge in the field of Office 2007. An easy to understand style, lots of examples to support the concepts and use of practical approach in presentation are some of the features that make the book unique in itself.

This text is the first resource to satisfy the Association for Healthcare Documentation Integrity model curriculum requirement for technology. This book will function as the core textbook for training programs and as a manual for professional transcriptionists in need of additional technology and electronic efficiency information. The book covers concepts that are foundational to all versions of Windows and then provides detailed information on Windows XP and Vista. XP-specific and Vista-specific pages are clearly marked for the reader's convenience. To maintain the book's currency and relevancy, significant changes in technology will be published on a companion Website. This Website will also include links to recommended resources and third-party sites. Marginal icons throughout the text direct readers to online information.
