This is not a sticker book. It has one insert of stickers and had no place throughout the book to place the stickers. Very disappointed. It is a STORY about trucks but came up under sticker book search. Misleading advertising.

The pages are made so that stickers stick.  
This is nothing like the book I had when I  
was an 80s kid, where the stickers were  
literally pull off, place on, pull off, re-use.  
Nope. Neither the stickers nor the scenery  
qualifies. That said, the stickers are pretty  
amazing - They really are nice.
