IB Math HL Study Guide | Hyun Jung Kim Blog

The IB recommends 240 teaching hours for HL subjects and 150 hours for SL. Subjects at HL are studied in greater depth and breadth than at SL. At both levels many skills are developed, especially those of critical thinking and analysis. At the end of the course, students' abilities are measured by means of external assessment.

Mathematics: analysis and approaches guide

Mathematics across the IB continuum The IB continuum of international education provides a progression of learning for students aged 3 – 19. In the IB Primary Years Programme (PYP), mathematics is viewed primarily as a vehicle to support inquiry, providing a universal language through which we make sense of the world around us.
