In Pale Battalions. Written by Robert Goddard. Review by Janette King. In Pale Battalions is a complex novel. The tale seemingly begins with the death of Leonora's father in April 1916. The novel itself is dedicated to the memory of Frederick John Goddard who, like Leonora's father, was declared missing in action and presumed dead in World War I. In Leonora's case, her father cannot be her father: her date of birth is nearly a full year after her father's disappearance.
