In the Realm of the Wolf by David Gemmell is the sequel to Waylander and is the continuation of the Drenai saga. In fact, this is book 5 in the saga. So far, every book I have read by Gemmell has been a joy to read, this one is not any different. Unlike some sequels this book does not pick up right where the previous one left off.

In Waylander II: In the Realm of the Wolf, Ventría launches an unsuccessful attack on the Drenai. Ventría was eventually conquered by the Drenai King Skanda before the events of Winter Warriors, though it is not known whether his son held the country after Skanda's death.
