Two masters of offbeat Internet humor combine the mindless fun of children's coloring books and the hilariously soul-crushing realities of modern adult life With over 150 videos and 65 million Youtube views to their credit, Ryan Hunter and Taige Jensen know how to make people laugh. Their YouTube video, "Hipster Olympics" racked up nearly three million hits and quickly attained worldwide cult status amongst both the cool crowd (and those who like to poke fun at them). Their recent hit "The Walken Dead" was viewed over 600,000 times in less than three weeks. Now, the duo put their prolific creative talents to work in Coloring for Grown-Ups. The artwork may resemble that of a children's activity book, but look closer. Offering an ironic look at the stereotypes, habits, and challenges of modern adulthood, Coloring for Grown-Ups includes:

A compact, comprehensive, and very silly field guide featuring more than 200 of the rudest birds on earth. Effin' Birds is the most eagerly anticipated new volume in the grand and noble profession of nature writing and bird identification. Sitting proudly alongside Sibley, Kaufman, and Peterson, this book contains more than 150 pages crammed full of classic, monochrome plumage art paired with the delightful but dirty aphorisms (think "I'm going to need more booze to deal with this week") that made the Effin' Birds Twitter feed a household name. Also included in its full, Technicolor glory is John James Audubon's most beautiful work matched with modern life advice. Including never-before-seen birds, insults, and field notes, this guide is a must-have for any effin' fan or birder.
