Entering his senior year of high school, Shakespeare Shapiro, desperate for respect, admiration, and a girlfriend, begins writing what he hopes to be a prize-winning memoir, in which he chronicles every mortifying detail of his life. Reprint.

It's South Africa 1990. Two major events are about to happen: the release of Nelson Mandela and, more importantly, it's Spud Milton's first year at an elite boys only private school. Cursed with parents from well beyond the lunatic fringe, a senile granny, and a dormitory full of strange characters, Spud has his hands full trying to adapt to his new home. Surrounded by names such as Gecko, Rambo, Rain Man and Mad Dog, Spud takes his first tentative steps along the path to manhood. (The path, it seems, could be a rather long road.) Armed with only his wits and his diary, Spud takes us from illegal night swimming to the red-hot furnace of the cricket pitch, from ghostbusting to a catastrophic family vacation. He also invites us into the mind of a boy struggling to come to terms with a strange new world, a boy whose eyes are being opened to love, friendship and complete insanity.

"Through this collection, our first-ever entirely non-fiction issue, we wanted to make sure that, at this moment of unparalleled technological advancement, we were taking the time to ask not just whether we can, but whether we should"- Page 8.

In this hugely appealing book, a finalist for the Pulitzer Prize, acclaimed author and journalist Daniel Okrent weaves together themes of money, politics, art, architecture, business, and society to tell the story of the majestic suite of buildings that came to dominate the heart of midtown Manhattan and with it, for a time, the heart of the world. At the center of Okrent's riveting story are four remarkable individuals: tycoon John D. Rockefeller, his ambitious son Nelson Rockefeller, real estate genius John R. Todd, and visionary skyscraper architect Raymond Hood. In the tradition of David McCullough's The Great Bridge, Ron Chernow's Titan, and Robert Caro's The Power Broker, Great Fortune is a stunning tribute to an American landmark that captures the heart and spirit of New York at its apotheosis.

Shakespeare in Modern English breaks the taboo about Shakespeare 's texts, which have long been regarded as sacred and untouchable while being widely and freely translated into foreign languages. It is designed to make Shakespeare more easily understood in the theatre without dumbing down or simplifying the content. Shakespeare 's ' As You Like It ' , ' Coriolanus ' and ' The Tempest ' are presented in Macdonald 's book in modern English. They show that these great plays lose nothing by being acted or read in the language we all use today. Shakespeare 's language is poetic, elaborately rich and memorable, but much of it is very difficult to comprehend in the theatre when we have no notes to explain allusions, obsolete vocabulary and whimsical humour. Foreign translations of Shakespeare are normally into their modern language. So why not ours too? The purpose in rendering Shakespeare into modern English is to enhance the enjoyment and understanding of audiences in the theatre. The translations are not designed for children or dummies, but for those who want to understand Shakespeare better, especially in the theatre. Shakespeare in Modern English will appeal to those who want to understand the rich and poetical language of Shakespeare in a more comprehensible way. It is also a useful tool for older students studying Shakespeare.

Two high school students in a summer arts program at Yale University collaborate on an "anti-guy musical" with the working title, Castration Celebration.

With the explosion in YA publishing, it 's harder than ever to separate good books from the rest. Booklist magazine 's editors ' deep and broad knowledge of the landscape offers indispensable guidance, and here they bring together the very best of the best books for young adults published since the start of the 21st century.

Now in full-color Astronaut Academy: Zero Gravity, the first volume of the middle-grade graphic novel series from Dave Roman Hakata Soy 's past won 't stay in the past! This former space hero is doing his best to keep his head down at Astronaut Academy. Things aren 't going so great, though. The most popular girl in school has it in for him. His best friend won 't return his calls. And his new roommate is a complete jock who only cares about Fireball. Hakata just wants to make a fresh start. But how will he find time to study Anti-Gravity Gymnastics and Tactical Randomness when he 's got a robot doppelganger on its way to kill him?
