Inland Waterways of the Netherlands by Louise Busby (2016 ...

There are two wonderful cruising areas in the Netherlands: Heart of Holland (rivers and lakes in the triangle of Amsterdam, Rotterdam & Utrecht) and the lakes region of Friesland in the north. The densest network of waterways in Europe connects these areas to all of the cities and major towns. It is also recognized as the best place in Europe to buy a vessel and find a boatyard for renovations, or to custom-order a new canal cruiser.

12 provinces; some which are large or popular harbours, and others which are well off the beaten track. Comments on the significant features are expanded for nearly 100 'principal venues' where more details on things to do and see are provided, as well as information on practical facilities ashore and the authors' selective and subjective restaurant tips! The book is designed to be of interest to all crew members, not just the skipper or navigator, whether its to establish how to approach a place, or to discover what to do or see of interest on arrival. Easy to browse, the book's illustrations have been selected to give a flavour of this water-loving country as well as to prepare the visiting yachtsman, whether under power or sail. This second edition has been updated with amendments to the text and maps. There are also many new photos by the authors. Louise Busby's interest in boating has led to commissions for Motor Boats Monthly as well as the Cruising Association's magazine. She is a former CA regional Almanac editor for the Netherlands and Belgium. David Broad is a detailed journal writer and log keeper, many of David's notes and sketches have been used in the compilation of this book. He is a Council member of the Cruising Association and the Chairman of the Broom Owners Club. A website, which is a useful annexe to the book, is kept up to date with details of changes to the waterways along with useful links to further information. For further information see www.inlandwaterwaysofthenetherlands.com

A guide for planning travels along the inland waterways of the Netherlands aboard a private canal cruiser, barge or rental boat. It not only shows where a traveler can go but also why you might want to go there, and gives details for use in planning an itinerary. Also useful for bicycling, walking or car travel following the many waterway routes of Holland. See also the companion book "Cruising the Canals & Rivers of the Netherlands on Orion," a personal journey along these waterways with more details on the towns and provinces visited.
