Food cultures truly have spread to the point where you can now find Mexican restaurants in Northern Thailand, Japanese sushi in the Middle East, and the all-American cheeseburger served up at a street food cart in a small, remote Amazonian city.. As our world becomes more and more connected, food culture is no longer tied down to where it originated from and can spread far and wide.

[Food Culture and Globalization - Global Gastros](#)

Food is also a fundamental human right, protected under international human rights and humanitarian law. As with other fundamental rights, the primary responsibility for ensuring the right to food lies with government. All low-income people, regardless of race, experience food insecurity.
