M. Robert Mulholland Jr. fleshes out a carefully worded definition of spiritual formation that encompasses the dynamics of a vital Christian life and counters our culture's tendency to trivialize, methodize and privatize spirituality. Now revised and expanded by Ruth Haley Barton with a

Albert Haase presents the spiritual journey as a return home. And home is the sacrament of the present moment. It is only living right now, right here, that we discover life and this world awash in the grace of God. We simply need to become aware and grow in greater sensitivity to the divine Presence who dwells within and in whom we dwell.

Much of our faith and practice is about words—preaching, teaching, talking with others. Yet all of these words are not enough to take us into the real presence of God. This book is an invitation to meet God deeply and fully through solitude and silence. This expanded edition includes a guide for groups to use for both discussion and practice.

We've all been let down by so-called community. Why is it so hard for us to connect and grow together for the long haul? Veteran spiritual director Ruth Haley Barton helps us get personal and practical about experiencing transformation together. This interactive guide allows us to grow through and by the experience of transforming community.

This book explores the role that scripture plays in spiritual formation. Mulholland examines obstacles often encountered in spiritual reading and introduces a new approach to reading that will enliven the scriptures. He also compares informational reading (reading to be informed) with formational reading (reading to be spiritually formed). Readers are released to God's initiative, allowing the scripture to form a spiritual life inside themselves.

Telling a Better Story clears a path to a more effective, empathetic apologetics for today—both for experienced apologists and those new to sharing their faith with others. Today's Christians often view the

practice of defending their faith as pushy or unnecessary. Won't it just be taken for proselytizing? Don't many unbelievers find it offensive? Many Christians have shifted to a strategy of hoping that our lives will show Christ to our neighbors—and, while this is certainly good, it's no substitute to actively telling people about Christ. In *Telling a Better Story*, author Joshua Chatraw presents a new and refreshing way to engage in apologetics that will help you tell the story of Christ in a holistic, culturally-contextual manner that—while being respectful—helps unbelievers imagine a more complete happiness and a better meaning to life. *Telling a Better Story* will give you the tools to: Understand the cultural stories that surround us. Recognize how these secular stories have shaped the way many people think. Learn how to tell God's story in a fresh way that

allows today's younger generations to see it as a more meaningful and more hopeful story than the scripts around it. Finally, you'll also learn how to deal with the perennial issues and common objections to Christianity.

The New York Times bestselling author of *Writing My Wrongs* invites men everywhere on a journey of honesty and healing through this book of moving letters to his sons—one whom he is raising and the other whose childhood took place during Senghor's nineteen-year incarceration. “A visceral and visual journey for the ages . . . the perfect road map for us to remove the barriers and obstacles against our true feelings.”—Kenya Barris, creator of *black-ish* Shaka Senghor has lived the life of two fathers. With his first son, Jay, born shortly after Senghor was incarcerated for

second-degree murder, he experienced the regret of his own mistakes and the disconnection caused by a society that sees Black lives as disposable. With his second, Sekou, born after Senghor's release, he has experienced healing, transformation, intimacy, and the possibilities of a world where men and boys can openly show one another affection, support, and love. In this collection of beautifully written letters to Jay and Sekou, Senghor traces his journey as a Black man in America and unpacks the toxic and misguided messages about masculinity, mental health, love, and success that boys learn from an early age. He issues a passionate call to all fathers and sons—fathers who don't know how to show their sons love, sons who are navigating a fatherless world, boys who have been forced to grow up before their time—to cultivate positive relationships with other men, seek healing, tend to

Letters to the Sons of Society is a soulful examination of the bond between father and sons, and a touchstone for anyone seeking a kinder, more just world.

Invitation to Love provides a road map for the journey that begins when Centering Prayer is seriously undertaken. Pointing to some of the recognizable landmarks on this journey, as well as to its ultimate destination, Father Keating addresses common questions regarding contemplative practice: How will it affect my life? Where does it lead us spiritually? What obstacles will I encounter along the way? How does it work? Following on from Open Mind, Open Heart, this book establishes a dialogue between the insights of contemporary psychology and the classic Christian spiritual masters,

providing a solid conceptual background for the practice of Centering Prayer. This is a practical book, articulating the stages of the process of spiritual growth, and outlining how we might develop a deeper relationship with God and move from contemplation to action.

Adele Calhoun's *Spiritual Disciplines Handbook* has become a standard for those who want to expand their knowledge of spiritual practices.
