Occupational Safety and Hygiene V contains selected contributions from the International Symposium on Occupational Safety and Hygiene (SHO 2017, 10-11 April 2017, Guimarães, Portugal). The contributions focus on a wide range of topics, including: - occupational safety - risk assessment - safety management - ergonomics - management systems - environmental ergonomics - physical environments - construction safety, and - human factors Occupational Safety and Hygiene V is mainly based on research carried out at universities and other research institutions, but also includes practical studies developed by OHS Practitioners within companies. Accordingly, this book will be a helpful text to get acquainted with the state-of-the-art in research in these domains, as well as with some practical tools and approaches that are currently used by OHS professionals worldwide.

This Manual will cover the JCB Backhoe Loader - the iconic 'yellow' digger, variants of which have now been in production for over 50 years. The book will be produced with the full co-operation of JCB, who are likely to take approx 2,000 copies to use for promotional activity to celebrate the company's 70th anniversary in October 2015 (a year of celebrations is planed running until October 2016). JCB has an extensive archive from which material will be drawn for use in the book, and it is envisaged that the 'project vehicle' will be a 'classic' 1979 3C Backhoe Loader - revered by enthusiasts, and the machine that took JCB from leading British manufacturer to a global player.
