Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF service members to maintain life and return with honor from isolating events.

This anthology discusses the converging operational issues of air base defense and counterinsurgency. It explores the diverse challenges associated with defending air assets and joint personnel in a counterinsurgency environment. The authors are primarily Air Force officers from security forces, intelligence, and the office of special investigations, but works are included from a US Air Force pilot and a Canadian air force officer. The authors examine lessons from Vietnam, Iraq, Afghanistan, and other conflicts as they relate to securing air bases and sustaining air operations in a high-threat counterinsurgency environment. The essays review the capabilities, doctrine, tactics, and training needed in base defense operations and recommend ways in which to build a strong, synchronized ground defense partnership with joint and combined forces. The authors offer recommendations on the development of combat leaders with the depth of knowledge, tactical and operational skill sets, and counterinsurgency mind set necessary to be effective in the modern asymmetric battlefield.

The complete 4 book series of the dystopian romance thriller, Kendra's Journey is all under one cover. Book 1: Where Zombies Walk Life comes hard and fast for Kendra and her family in a dystopian world that is struggling to recover from a nuclear war and is now under the rule of an alien government. Unaware of the impending alien invasion, a group of scientists -which included Kendra's parents- were ordered to create a zombie virus and set it loose on Russia. The intention was to subdue Russia and then release the cure, but the alien attack took them unawares and the scientists and their cure disappeared, leaving the virus to run rampant. Having been inoculated against the virus, Kendra's aunt is one of these scientists who has kept her identity a secret for fear of being made a slave to the alien government. When a village that is connected to the people who moved underground for survival kidnaps Kendra in hopes that they can harvest any memories of her parents discussing the cure while she was a mere infant with the use of an experimental machine, her aunt must decide about coming forth with her identity. In the meantime, along with dealing with the ever-rising population of zombies, the alien regime -which considers humans a delicacy for their dinner table - sets out to correct and purify the human race from those who were mutated in some way by the nuclear explosions. Rex is one of those humans. He is also Kendra's lover. Book 2: The Regime CAN LOVE SURVIVE IN A WORLD OF ZOMBIES AND ALIENS! In a dystopian world that is struggling to recover from a nuclear war and that is dominated and ruled by aliens, Kendra manages to find love, peace, and harmony. Sadly, her domestic bliss is shattered when she and her husband are captured by the alien regime and placed into the breeding program. With the help and sacrifice of her gentle caretaker, they manage to escape. Their bodies are free, but what about their minds? Has too much happened for them to come back to each other? To add to the story, their son is taken to Center Land in inner earth and placed in the child program. Now, they must find a way to get him back! Book 3: Center Land: Traveling to the center of the earth to retrieve her son from Center Land is intense enough without having to deal with Amazon rogue women, prehistoric animals, and... yes... the aliens and zombies that they thought they'd left on the surface are there too! Is there no escape from the horror? They have a plan to end the aliens and zombies once and for all... but... will it work? The answer is in "Center Land". book three of the apocalyptic romance-thriller series, Kendra's Journey. Book 4: Zombies and Aliens: She battled them inside the earth's core. Now it's time to deal with those on the surface! After traveling to the center of the earth and dealing with prehistoric beasts, deceitful amazons and even more zombies and aliens to rescue her son, Kendra and her family return to the surface of the planet to deal with the aliens once and for all. Zombies and Aliens is the final installment of the exciting romance-thriller series, Kendra's Journey.

The instant New York Times and USA Today bestseller! The untold story of how one woman's life was changed forever in a matter of seconds by a horrific trauma. Barbara Leaming's extraordinary and deeply sensitive biography is the first book to document Jacqueline Kennedy Onassis' brutal, lonely and valiant thirty-one year struggle with post-traumatic stress disorder (PTSD) that followed JFK's assassination. Here is the woman as she has never been seen before. In heartrending detail, we witness a struggle that unfolded at times before our own eyes, but which we failed to understand. Leaming's biography also makes clear the pattern of Jackie's life as a whole. We see how a spirited young woman's rejection of a predictable life led her to John F. Kennedy and the White House, how she sought to reconcile the conflicts of her marriage and the role she was to play, and how the trauma of her husband's murder which left her soaked in his blood and brains led her to seek a very different kind of life from the one she'd previously sought. A life story that has been scrutinized countless times, seen here for the first time as the serious and important story that it is. A story for our times at a moment when we as a nation need more than ever to understand the impact of trauma.
